# ROOSEVELT DEMANDS FOUR BILLION FOR WORK RELI OPPOSES NEW TAXES, KILLS BALANCED BUDGET HOPE

State, Says He Found No Fingerprints in Nur-

Was Second-Rate Carpenter.

By JOHN FERRIS.

TLEMINGTON, N. J., Jan. 7 .-(P)-Betty Gow, pert Scotch nurse from whose care the Lindbergh baby stolen and slain, faced a three-fire of defense questions today later collapsed, tearful and shak-in the courthouse where Bruno and Hauptmann is on trial for

his life.

On the witness stand her voice was calm and even as she answered thee searching queries of Edward J. Reilly. She kept her composure brevely when the chief of Hann'mann's defense steadily pursued his effort to show the crime was the work of an "inside" gang of four.

Again the pretty nursemaid, who came from Scotland to teatify, felt the tiny garments the child had wurnwhen she put him to sleep in his crib at Hopewell. Again she saw and touched the flannel shirt, she had sewn to protect his chest against the cold. Again she touched the thumbguard she put on him.

But in the end the ordeal of direct and cross-examination was too

Later the ladder dow which, the state contends. Hauptmann carried the stolen baby from his nursery, was brought into the controom. It provoked a storm of defense protests and was not immediately admitted as evidence of the mational industrial recovition of the national industrial recovition of the national industrial recovition.

dence.

Hauptmann, the cold-eyed carpenter, listened intently as witnesses described the sectioned ladder.

As he left court he turned to a guard and remarked:

"If I made that ladder. I'd be a opinion that scrapped one of the vital opinion that scrapped one opinion that scrapped opinion

Prosecutors will 'ry to prove that the baby was killed when the ladder splintered and broke that blustery night of March 1, 1932.

When court adjourned at the close of the fourth day of the kidnap mur-

When court adjourned at the close of the fourth day of the kiduap-murder trial. State Fingerprint Expert Frank A. Kelly still was on the stand. He had testified that he found no fingerprints in the nursery or on the ladder. When court adjourned at the close of the fourth day of the kidnap-murder trial. State Fingerprint Expert Frank A. Kelly still was on the stand. He had testified that the found no fingerprints in the nursery or on the ladder.

The little nurse, griffled exhaustively about backstairs doings and her own actions on the night of the kidnaning and before it—and about her sailor friend. Henry (Red) Johnson—was quick, some times tart, with her answers.

we still have the said Ickes. "We persons in the courtroom knew continue to operate," said Ickes. "We will attempt to regulate 'hot oil' with Few persons in the courtroom knew deep the had lost her self-control when she quietly left court during the afternoon session. The prevailing opinion was that Miss Gow had shown a control of her emotions nearly as great as Colonel and Mrs. Charles A. Lindbergh themselves.

# LENGTHY GRILLING BRINGS REACTION Rigid City Economy Pledged by Mayor Key MESSAGE PREDICTS 34 BILLION DEBT 25 Strike Prisoners Arrive

In Atlanta From Rossville Expert, Testifying for Guardsmen Lodge Captives at Auditorium, Where They Will Remain If Rainy Weather Continues.

sery Room Where Child
Slept.

In a cheerful mood, and apparently take the men to a detention camp undismayed by the fact that they were under military arrest, 25 men seized by Georgia national guard units sent to Rossville to prevent disorder at the Richmond Hosiery mill, where a strike is in progress, arrived by truck in Atlanta Monday night and were provided temporary quarters in the auditorium armory.

More than 60 persons were arrested Monday by the guardsmen, but all except the 25 brought to Atlanta were released. The 60 were taken into custody for failure to move rapidly enough when the soldiers ordered a men were residents of Tennessee who had come across the state line to picket the hosiery mill. The prisoners claimed they had "done nothing" and "just happened to be there" when they were arrested.

gated around the Richmond mill to disperse.

The 25 men made the journey to Atlanta in motor trucks and were taken directly to the armory, where cots and blankets were provided. Most of them seemed to look upon their arrest as a joke, and commenced shouting, "We're hungry: we want food," and "Can't the state of Georgia do better for 'ns than this?"

The men, who had not enten since early morning, were provided with a big meal and then questioned by Adjutant-General Lindley Camp, national guard commander. The principal offense charged against the prisoners is "pernicious milling," the adjutant-general said.

portant accomplishments of the French diplomat, who also reached agreement with Pope Pius in another conference

with Pope Pius in another conference today on what was termed by prel-ates as the basis of a possible con-cordat between France and the holy

sections.

The Key address, delivered at the reorganization meeting of the local government, was characteristic of the forcefulness and determination which has marked Key's other public utterances.

Key wrote local political history as he began the first year of a record in service as mayor of Atlanta. Only one other man, James Woodward, held office of mayor as long as eight years.

Abolishing his famous "look-out committee," which he established four years ago as a "pay-off to his political enemies," Key Monday night made new committee assignments and indicated his willingness to bury past differences with his council of 39 members, which he has contended con

Text of Budget Message in Page 8.

WASHINGTON, Jan. 7 .- (P)-A four-billion-dollar work-relief fund was asked of congress today by President Roosevelt in a message forecasting a new peak public debt of \$34,239,000,-000 on June 30, 1936.

Declaring unemployment blocked a balanced ubdget, he envisaged an evening of government exmditures and receipts "as rapidly as private industry is able to re-employ

private industry is able to re-employ those who now are without work."

This second financial accounting of the New Deal, read separately to an expectant senate and house, allowed for the spending of \$37,101,000,000 in the two-year fiscal period that ends 18 months hence.

The president's request for \$4,000,000,000 was coupled with the recommendation that the money be "in one sum, subject to allocation" by himself. This phase of the budget was expected to stir congressional controversy.

are many things in the city's financial structure that seriously handicaps its activities and forbids the doing of many things that ought to be done and while we still find the wreckage of a four years' depression on every hand, still there are many indications that the worst of this depression is over and we enter this new year, a new administration, with renewed hope and courage and with a full confidence that before long we will again see normal conditions restored and see property, industry and business regain their former position. We have many signs of apparent prosperity that should not be counted upon too heavily. The facts are that the federal government has been spending in our midst vast sums of money which have gone into channels of trade and business and have started the wheels of progress moving onward and upward. Without those expenditures we would have been still in a helpless state of despair. The government's policy has been to put its money out among the people in order that business everywhere should be helped to regain its normal momentum. Much of that has been attained. The hope of the government is that with the wheels of progress moving with federal aid, later when this aid is removed, they will continue to move. That time seems to be in the not far distant future. Nevertheless, so far as the city is concerned our financial and economic situation is but little improved, and it will be one of the last to feel the improvement when it comes.

ment when it comes CITY MUST AVOID ANY INCREASE IN ITS DEFICIT.

INCREASE IN ITS DEFICIT.

In our community we still have as large if not a larger number of people on the charity list and on the unemployed relief rolls than we have ever had before. We have not felt that so keenly because the federal government has born the brunt of it all. I feel sure that this government aid will continue during this year. Our plight would be a sad one unless it did. But the time is coming before a great while when we must rely upon our own energy, initiative and resources to take care of all these burdens without the aid of the federal government.

In approaching the business of the year it is well that we take stock and find out just what the situation is and know when the situation

In approaching the business of the year it is well that we take stock and find out just what the situation is and know what the problems are that we must face. At the close of the year the city's cash liabilities were \$2,653,832.48, less cash on hand \$374.286.94, showing a cash deficit of \$2,279,545.54, as against this we carried over into the new year accounts receivable in the sum of \$1,735,794.18. From this should be taken amount reserved as probably uncollectible \$600,456.95; amount due school department, 30 per cent of general tax, \$307,500, making net amount reserved \$907,956.95, leaving net amount accounts receivable for city \$827.837.23 and an actual deficit of \$1,451,708.31. From this, as you observe, a staggering deficit as you observe, a staggering defici of nearly one and a half million dol

Best Remedy Is Made At Home

You can now make at home a better gray hair remedy than you can buy by following this simple recipe: To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it yourself at very little cost, Apply to the hair twice a week until the desired shade is obtained.

Barbo imparts color to streaked, faded or gray hair, making it soft and glossy. It will not color the scalp, is not sticky or greasy and does not rub off.—(adv.)

and to pay its debts with reasonable promptness, and to maintain its credit, that this deficit should not be increased. I am glad to inform you that as compared with the year 1933, this deficit was decreased during the last year in the sum of \$4,852,38 and this good result was brought about largely by the fact that some large unexpected revenues were obtained during the year. It had been previously feared that this deficit was going to be increased in spite of all efforts that had been made to prevent it. In so far as the practical operation of the city government is concerned, this deficit is reflected substantially in this way. There is now outstanding in scrip for current bills for merchandise since January 1, 1934, more than \$800,000. On this scrip we are now paying 6 per cent interest. That rate is too high. It should be reduced, but it is a sad commentary on a city when its current bills are outstanding for a year or more. No good, sound business can be safely conducted that way, whether munnicipal or otherwise.

SLASH IN EXPENDITURES

SEEN AS ONLY REMEDY.

We have outstanding in scrip for pay rolls during the months of November and December more than three-quarters of a million dollars. While the city lived within its income for the year, substantially this same amount of pay roll was carried over last year and the city was compelled to borrow money to keep up its pay rolls, but toward the latter part of the year expenditures had to be cut off in order to return money due the banks for the pay rolls which they had met and that same condition will persist as long as this deficit persists. At the beginning of this year on January 1 there became due principal and interest on the bonds of the city more than one-half million dollars. The money to take up those bonds was furnished by the banks. The city owes the money which it could not pay, but, thanks to the good credit of the city, the banks did not hesitate to advance the money and take up the bonds and to hold them to be paid off during the last year to p

pay, even though my veto was over-ridden unless I was mandamused by the courts. I was not mandamused by the courts, therefore, that situation was saved.

BUDGET LAW EVADED
BY GENERAL COUNCIL.

The law of the budget-commission
was wisely planned to prevent any
increase in deficit was in some cases
ignored and in other cases substantially evaded. The latter statement
can be explained in this way. Some
appropriations made during the last
year were taken from appropriations year were taken from appropriations to interest accounts. The money on the interest account was already set aside by appropriation and the council appropriated a part of that money to another purpose. The interest due by the city on its obligations is just as solemn and binding as the money due on the principal and when money is set aside to pay interest and it is taken away for some other purpose, it simply leaves

Good Dental Work Is An Investment Our Artificial Teeth are made to imitate nature—they are not just false teeth. We solicit difficult cases and the fastidious BRIDGE WORK \$4 A TOOTH; CROWNS \$4 EACH NO EXPERIMENTS. 20 YEARS KNOWING HOW DR. C. A. CONSTANTINE the city in default unless the money is otherwise provided. That is a very perilous kind of legislation and should not be entertained a moment by the general council. In other cases money was appropriated to an increase in pay, the money to be taken from the pay roll of the particular department. When money has been set out in the sheet to take care of pay roll to the end of the year and that appropriation is changed and more money appropriated to some other purpose, it simply left a deficit in that department to that extent. If the department had to run, as is true with most of them, then the department had to run on deficit. That was true last year in the construction department and in the sanitary department. That is a condition of things that should not be tolerated one moment by the general council. I vestoed all such actions by the council, but they were passed over my veto. Another year I shall adopt this course, if there should be a repetition of that character of appropriations—namely, that I wills refuse to pay unless mandamused by the courts. I did not quarrel with any of those appropriations on their merits. I do not recall a one that I would not have approved if the city had available resources with which so pay, but I have to consult the ability of the city to pay and when this ability is not present or apparent, I will refuse to pay. UNEMPLOYABLES HELD MAJOR 1935 PROBLEM. TAXING LAWS FAVORED.

sult the ability of the city to pay and when this ability is not present or apparent, I will refuse to pay.

UNEMPLOYABLES HELD
MAJOR 1935 PROBLEM.

One of the heavy burdens which the city has had to bear during last year and will have to bear the same during this year is the matter of relief. Last year the city contributed \$480,000 to the federal government to aid in caring for the relief. The government was expending more than six million dollars for this purpose and called upon the city to pay \$480,000 as its share. I was of the opinion then, and I am now, that the government's demand was very reasonable, provided we were able to meet it, and that demand was met. This year the plan of operation has been somewhat changed. The federal government is supposed to take care of the unemployables. It is estimated by the government that it will cost the city more than this same amount to take care of the unemployables during the year. I believe that with this sum of money the city can accomplish the task. This is as far as we are able to go. This money was secured in this way. The bonds of the city which fell due during the year and which the banks took up for the city were resold, falling due in series over a period of 10 years. That enabled the city to take the money that was appropriated to redeem them during the year and appropriate it for relief. Fortunately, on account of the good credit of the city and the good name it bears among people of wealth, who have money to invest, we were able to do that without difficulty, although we had to overcome many objections from legal sources. The bonds were refunded at par 4 1-2 per cent. I think that during this year we can refund the bonds at 4 per cent and the city should not be willing to allow a greater per cent than this. I am confident they can be refunded in the same way at : willing to allow a greater per cent than this. I am confident they can be refunded in the same way at :-lesser rate of interest, I am espe-cially convinced of that fact for the

cially convinced or that fact for the reason that last year the city was required to pay interest on borrowed funds at 4 3.4 per cent, and this year we are able to borrow funds from the same sources at 4 per cent. NEW ATLANTA RELIEF

The matter of relief for the city of Atlanta and Fulton county under of Atlanta and Fulton county under the disposition which you have made of it will be managed by a small group of men who will bring to bear all of the efficiency and conservatism of which they are capable. This board has met the approval of the federal government and we are assured also that the federal funds to be spent for unemployment will be put un-der the control of this board also, but for the present on account of the for the present on account of the complicated situation in the admin-istration of relief and on account of the elaborate system and on account of the fact that unemployment and charity relief is very closely inter-woven, the federal government has

they have been doing heretofore in the administration of this relief. I

am glad to state that I feel confident that with the matter of relief vested in a board which you have approved and which the government has approved, and with the co-operation which they shall ask of you from time to time that the relief problem as far as finances are concerned have been solved for the city of Atlanta for the year 1935.

Faced with the necessity of finding additional revenues for the city we must look to sources of revenue that are now untouched. Tangible property has had put upon it all the burden it can bear. In fact, simple justice requires that that burden be lowered and it would be if the city did not have imposed upon it the duty of functioning and in giving adequate service to the public. The city must operate and must give a fair service or else it would do the greatest possible injury to the property which it taxes, even a greater injury than in maintaining a higher level of taxation than we should. REVISION OF OBSOLETE

There are certain sources of revenue that are untouched. One of these sources are the deposits in the banks and savings accounts. Under the laws of the state—strictly conthe laws of the state—strictly construed—that property is subject to taxation at full market value, which means one hundred per cent, but if that class of property is taxed at one hundred per cent, it would mean that we drive out of the banks practically all of the deposits and savings accounts, which would result in a serious impairment of the ability of the banks, to perform their functions and extend credits, including the credit of the city, which must be had. There should be in Georgia a law for the classification of intangibles which would, of course, include deposits and savings accounts. Our present law is an obsolete formula which cannot be enforced without wrecking the financial institutions of our city. The result is that we make a classification now by not taxing them at all. My recommendation is that we adopt, in lieu of this obsolete and unworkable formula, a formula of our own. That we adopt a working plan by which that class of property will be classified in a way where it will bear a considerable part of the public burden, and instead of money being driven from our city for fear of being heavily taxed, encourage money to come here where it will have the security of a small taxation which will be its protection. I recommend that ordinary deposits and savings accounts be received by the tax assessors on the basis of five per cent of their value and taxed accordingly. I am advised that there is in the banks at the present time not less than \$100.000.000 subject to taxation, and which I believe could be put upon the books of the city on a basis of five per cent. This would mean five million dollars added to the digest. If a man has a deposit of \$1.000 at the bank, that deposit would be received at \$50. That would cost him in city taxes 75 cents, and that principle adopted firmly and securely as /a permanent policy of this city will build up the financial institutions and also increase the tax digest of the city. strued—that property is subject to taxation at full market value, which

BIG REVENUE INCREASE SEEN AS POSSIBILITY.

In making this suggestion I do not include these deposits that are part of the working capital of going business concerns. These deposits now appear on their helps are and are the concerns the concern of the working capital of going business concerns. These deposits now appear on their balances and are returned just as other assets are and taxed accordingly, and they should be. The city should not lose anything on that account and could not afford to do so. I am assured that if this plan is adopted, that the banks will cooperate as fully as they can, considering their confidential relationship with their patrons and that depositors of the banks will be easily persuaded to make their returns according to this plan and bear this part of the public burden.

Another item of similar character is the matter of foreign stocks and bonds. During last year the city carried on a vigorous campaign to place this character of property on the digest. It cost the city 25 per cent commission for this business. The results were disappointing. Some of this property was caught and taxed. Most of it escaped taxation entirely. We should adopt a classification which would permit that class of property to be returned on a basis of 15 per cent of its market value. I am azeros.

would permit that class of property to be returned on a basis of 15 per cent of its market value. I am assured that that will put on the tax digest a great deal more than we have heretofore obtained. The plan which is now in operation will secure for the time being some property of that character for taxation purposes. Its general effect will be to drive that class of property out of the state entirely. During 1934 we placed on the tag digest \$3,000,000 property of that character, but during 1935 that property will all be gone. I am assured that if we will adopt a classification of 15 per cent valuation we will secure vastly more property of that kind in actual figures on the digest than we have ever received before. These matters involve the adoption of a principle which cannot lose to the city anything, and whatever we gain will be net gain. I believe the plan, if put in operation, will bring about a large increase in the revenue of the city.

LIQUOR STORE URGED LIQUOR STORE URGED

TO PROVIDE SALARIES. It is idle to say that the city can-not make these classifications. The city makes the classification now. It makes a classification when it says it will not tax the deposits and sav-ings accounts at all. When we make a classification of five per cent we simply make a higher classification than the one under which we now

There are other matters of similar nature that ought to be included within a classification schedule, but I do not think that the city could safely go into those matters now. We ought to wait and see what results are obtained under this plan if adopted.

We ought to wait and see what results are obtained under this plan if adopted.

Another tremendous possible source of revenue which should be available to the city of Atlanta would be the establishment by the city of a liquor store, a place where intoxicating beverages will be sold to the public by the city. These beverages should be sold at a price that would give a fair profit and insure the quality of the goods at prices far below what the bootleggers obtain and all the profits would go into the public treasury. The city should permit resale by certain classes of business well established where the character of the individual and the location is approved, such as hotels, restaurants, clubs, hospitals and the like. Resale would be made only to their own guests or customers. I realize that the conduct of that store would be technically in violation of the present prohibition law just as the licensing of the sale of beer in our community has proven to be beneficial in many ways. It has increased employment, furnished tenants for property and is tending to develop among our people a taste for non-intoxicating liquors. It has increased sobriety and temperance and has secured a large revenue for the city. Many argue that because drunkenness still prevails that beer is the cause of it. That is because they have not taken the trouble to find out the true facts of the case. I am advised by the city recorders that they have had no case before them since the sale of bear was permitted where the drink-

The city in its wisdom decided that the porhibition law was an unworkable formula. It was obsolete, and that was abould adopt a plan to improve conditions. This was done and that was abould adopt a plan to improve conditions. This was done and that results have fully justified it. My sugression is that the prohibition is a satisfactory it is obsolete and the sale of liquor by the city would be in the interest of temperance, of employment and would add an enormous revenue to the city. I realize that intoxicating liquors are a dangerous and hazardous thing. It should have thrown about it the strong arm of the government. The public ahould be protected against unreasonable prices. I realize that liquor carries along with it its load of poverty, crime, disease and sickness and large public expense. I feel that liquor should be made to carry its own load. It is not right for the professional criminals. Not only do they reap the profits of the business at present is in the hands of professational criminals. Not only do they reap the profits of the business at present is in the hands of professational criminals. Not only do they reap the profits of the business and mathod the protection of the community. This business at present is in the business and remained the protection of the community of the professional criminals. Not only do they reap the profits of the business unregulated, unrestrained and untaxed, but it forms in every community and atmosphere and environment which breeds vice and crime. Efforts have been made all over the country to stop this traffic, but they were unsuccessful. The prohibition question has been brought before the public mind of America. It has been brought before the public mind of America in a court of common sense. There are but two large classes of people who favor the continuation of the present system, the professional criminals who reaps a harvewest from it, and those who have made of it a creed or fetish, who are so entirely committed in mind on the The city in its wisdom decided that the porhibition law was an unwork-

with the necessity of cutting its pay roll somewhere in the neighborhood of 35 per cent. We are unable to carry along a great many public improvements which should be carried along because of a depleted treasury and reduced revenues. We should not for the sake of upholding an obsolete formula, for the sake of vielding to the unreasonable insistence of dreamers and idealists, submit any further to the great injustice which all this entails. This movement means an improvement in our social, moral and economic conditions that constitutes no crime and will be upheld overwhelmingly by the citizenry of this community.

I am willing to open this store for the city of Atlanta, conducted under the most careful and guarded restrictions, if and when the general council will authorize it, and I will ask the authorities of the state and county to observe closely the results obtained and the benefits received for a reasonable length of time, and if then it does not prove its value and jugify itself, I will close the store.

NEW AUDITORIUM SEEN ESSENTIAL FOR CITY.

prove its value and justify itself, I will close the store.

NEW AUDITORIUM SEEN

ESSENTIAL FOR CITY.

As one of the greatly needed improvements for the proper development of the city, I call your attention to the need of a new auditorium. As to whether it shall be at the present site or a new site is not a matter now to be determined. The thing to be ascertained is how it can be financed. I think the need is generally recognized, Atlanta being the natural and logical center of the southeast in many ways, makes the city attractive for a great many conventions and meetings of all kinds. In order to compete with other cities, we have got to furnish modern facilities and account up to the present is too great, one that we cannot afford.

It will cost approximately one and one-half million dollars to build this auditorium wherever it may be built. To do this it takes money. You can't build auditoriums out of hot ir. It is impossible to build the auditorium wherever it may be built. To do this it takes money. You can't build auditoriums out of hot air. It is impossible to build the auditorium out of current revenue, nor indeed could it be financed even with bonds where the interest and sinking fund has to be paid out of the revenue of the city. We must look for additional revenue. I had hoped that through the intervention of the federal government we might of the federal government we might secure funds for this building. I do not know whether that is true or not, but this I feel to be true, if the city but this I feel to be true, if the city of Atlanta could secure the profits from the sale of alcoholic beverages, it could not only finance the auditorium and pay for it over a short period of years, but could restore the pay roll of the city. That is another thing to be thought about in connection with the suggestions which I have made looking to the establishment of a city store.

SYSTEM FOR DISPOSAL OF SEWAGE IS NEEDED.

whole. This course where the final outfalls should be completed during the year, but the larger problem still remains to be solved, and that is the disposition of the sewage at the outfalls. That is going to cost a great deal of money. We have under consideration the testing of a system of sewage disposal which if it proves to be satisfactory will reduce that cost to less than one-half. We would not, of course, adopt it until it is thoroughly tested as a part of our own aystem. I recommend that an appropriation of \$5,000 be made to cover the cost of conducting this test. When these tests are made and it proves to be satisfactory, there still remains a very large investment to proves to be satisfactory, there still remains a very large investment to be made in sewage disposal. The city has no legal right to dump raw sewage into the running streams of near-by territory. Our neighbors have been patient enough about it, but have been satisfied with the earnest efforts which have been made to salve the problem. to solve the problem

In connection with the solution of this problem, there has been recom-mended by the better government commission and by the grand juries commission and by the grand juries of Fulton county the creation of a sewer district with power to raise revenue and to issue bonds to complete this work. The cost is to be distributed over the entire territory calculated upon the basis of the amount of water which the property owners use. It seems to be a fair basis. This plan proposed provides for the taking over entirely of the basis. This plan proposed provides for the taking over entirely of the building, maintenance and operation of all sewers in the entire district. It provides for taking care of pre-vious bond issues and interest on the

## EQUAL DISTRIBUTION OF BURDEN POSSIBLE.

The tax to be enforced by this proposed system will in the main be a tax against property. At the same time the taking over of all of the sewer operations and maintenance by the different communities involved and relieve each of them of a very heavy burden of expenditure. The community as a whole is not prepared to meet additional taxation, but that question can be easily met by reducing assessments on property so that the property will produce less revenue in the amount that the sewer district authorities assume those obligations. To illustrate, to take care of the bond and interest on sewers in the city of Atlanta costs about \$375,the city of Atlanta costs about \$375,-000 annually. The sewer commission would assume that burden. Then I would assume that the property will be that the property will be

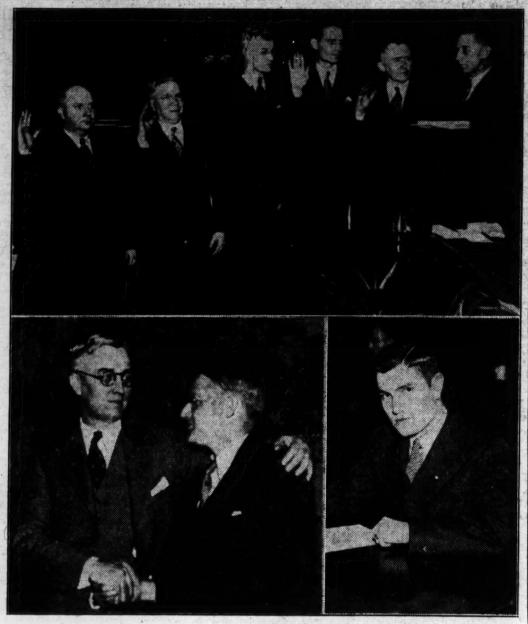

ahould be reduced in the city of Atlanta so that the property will be taxed to produce \$375,000 less income than it is now producing. In that way the cost will be very small and this plan will insure two things; first, the successful financing of the project until completed, and a fair distribution of the burden over the whole territory to be served.

The matter is to be placed in the hands of the members of the legislature from Fulton and DeKalb county and its future will lie with them, but my recommendation is that it shall be adopted with the proviso that as the burdens are increased over the other governments involved, the property shall be taxed less to save the amount which is added on the other account. is added on the other accound the NEEDED REFORM IN SCHOOLS IS AT HAND.

MUCH NEEDSD RFFORM
IN SCHOOLS IS AT HAND.

Mention must be made of the matter of public schools in the city of Atlanta. The public school system costs practically half of the revenue of the city to maintain it, and it furnishes the only means of education that most of our people have. Its appeal is universal and calls for the exercise of the soundest judgment which we can bring to bear upon the 'wo problems involved; one to give the public the service which they deserve; the other to bring the expense within the ability of the people to pay. I had occasion to comment much on the public school system during the recent campaign. I pointed out to some extent only the defects in the system which should be remedied. There were many other defects in the system which I did not attempt

## New City Council Organizes for Service

have made looking to the establishment of a city store.

SYSTEM FOR DISPOSAL

OF SEWAGE IS NEEDED.

One of the largest and most important of the projects which the city must consider is with respect to its sewer system. We are now having built with the assistance of the federal government, Fulton county and DeKalb county, trunk sewers to a point which should accommodate the needs of the city for at least 50 years. The building of these sewers is being done through FERA labor largely and through convict larger to the federal government with the cost of the whole. This construction work to the final outfalls should be completed during the year, but the larger problem still remains to be solved.

Scenes at the organization meeting Monday night of the 1935 city council are shown above. The top picture shows, left to right, Alderman John W. Ball Jr., tenth ward; Councilman Alvin L. Richards, thirteenth ward; councilman Alvin L. Richards, thirteenth ward; and Alderman James of the consultant of office as they began their terms, before J. Henson Tatum, city clerk. to point out. One of the defects to which I called attention expressly was the fact that the public school system of Atlanta had been organized into a political machine. That has been in the past due to the lack of proper leadership. If we had had the independent and courageous leadership at the head of the schools that we should have had, that abuse would not have arisen. People will not tolerate that. When it reaches the point that the schools, school teachers, and even the children, themselves, are thrown into a political machine, it is time to call a

ical machine, it is time to call a halt and to correct those things.

Much that I said, I feel, is bearing, and has already born good fruit. The board of education in its election of their chairman, Mr. Frank Fling. their chairman, Mr. Frank Fling, has shown a positive indication of a desire to bring about much needed reform. Another thing that should be seriously considered by peopl; in the light, not only of reform politically, but also economically, is the merging of the city and county school systems. I am sure that that would work many economies in our school system. If it were an innovation, I would hesitate to recommend it, but that system has long been in force in many communities even of our own state. For many years that system has been enforced in Augus-

ta, Savannah and Macon, and my information is it has given universal satisfaction. Our public school system has many things in it that could be dispensed with during difficult and stressful times, things that have their value and are desirable, of course, if you have the money to pay for them, but when you have not the money to pay for them, they should be laid aside for the time being until conditions improve. When we have a system, as we have, that is elaborately and expensively organizelaborately and expensively organiz-ed and are faced with decreased rev-enues, the only way that decrease in revenue can be met is by a cut in the school teachers' pay. In other words, the school teachers themselves

New Councilmen Seated.

Key was sworn in by Judge John D. Humphries, senior member of the Fulton county superior court bench. Others who took their seats Monday night were:

night were:
John W. Ball Jr., succeeding Alderman G. Everett Millican, of the tenth ward, who retired to become

children to miss anything that is thought to be necessary. Their prejudices along these lines are easily worked upon and sometimes because the claims are made in the name of the childhood of Atlanta, they find themselves on the side of waste and extravagance, when their natural good sense and conservatism should place them on the other side. It is a great game that the professional plays by appealing to the parents in the name of childhood. It is one of the tricks of the trade with which we are all familiar and about which our patience is well-nigh exhausted. In thinking bout that, our mind turns to a marvelous epic of history in the sime of the French revolution when one of the brilliant minds of that day, she herself being one of the reformers and one of the stalwart defenders of liberty, saw the excesses and abuses that were going on and that led Madame DeStacl to exclaim, "O, Liberty, what crimes are committed in thy name."

I desire to appropriate that for this occasion as I see what the

mitted in thy name."

I desire to appropriate that for this occasion as I see what the friends and alleged friends of the schools sometimes are doing, the excesses and abuses which they foster, and I exclaim, "O, Childhood, what crimes are committed in thy name."

Respectfully submitted

JAMES L. KEY.

#### THE WORLD'S WINDOW By PIERRE VAN PAASSEN.

The Meaning of

History.

The desert disposes a man to medi tation. Here there is nothing to dis rupt your thought. I must admit The selection of Dr. John W. Oden, for nine years superintendent of the Gracewood Hospital for Mental Defectives at Augusta, as superintendent of the state hospital at Milledgeville, is in the nature of a well-merited promotion.

The successful operation of the Augusta institution under Dr. Oden's direction has attracted national attention to the splendid results achieved as the result of the modern methods adopted and the efficiency with which the mentally ill patients have been treated.

The manner in which Gracewood has been conducted under Dr. Oden's supervision emphasizes to a marked degree the great advances made during the past quarter feer of a century in the care and the millennium is not at hand that the desert breeds a certain fatalism, something of that sentiment of Lord Balfour, who felt that since there was going to be another ice age, there was little use doing anything in the meantime. Without going to that length, I feel, nevertheless, that we have a wrong outlook upon history. We suffer from a shortend historical perspective. I have a great admiration for the materialist interpretation of history, the system of the least and Marx, which is something on the meantime. Without going to that length, I feel, nevertheless, that we have a wrong outlook upon history. We suffer from a shortend history, the system of the length, I feel, nevertheless, that we have a wrong outlook upon history. We suffer from a shortend history, the system of the length, I feel, nevertheless, that we have a wrong outlook upon history. We suffer from a shortend history, the system of the length, I feel, nevertheless, that we have a wrong outlook upon history. We suffer from a shortend history, the system of the length, I feel, nevertheless, that we have a wrong outlook upon history, the system of the less, that we have a wrong outlook upon history, the system of the history run in certain determined history, the system of the less, that we have a wrong outlook upon history, the system of the history run in certain fatalism that the desert breeds a certain fa

ATLANTA, GA., JANUARY 8, 1935.

THE BUDGET MESSAGE

The budget submitted to congress by the president calls for the expenditure of more than eight and a half billion dollars, a sum nearly twice as large as the anticipated revenues for the period covered by the budget.

With the exception of the four and a half billions for recovery and relief, the budget is balanced, and the president opposes any increase

The Associated Press.

The associated Press is exclusively entitled as practically incurable and were, for the most part, merely confined, with little effort being made toward effecting possible cures.

Some years ago it became generally realized that a large proportion of those classified as "insane persons" were merely victims of mental diseases as capable of permanent cure as are maladies of other portions of the body. As a result, many thousand men and women, having been treated and cured of their mental disorders.

With the exception of the four and a half billions for recovery and relief, the budget is balanced, and the president opposes any increase

tiny, by mastering the conditions of life. He not only learns to adapt himself to his environment, more and more he forces his environment into channels which he himself judges op-

way I am, life isn't worth living. Ex-cuse my poor writing, for I never went to school in my life.

(Letter from a correspondent.)

Many adults who have had years of schooling cannot write as well as the correspondent does.

I'm as good a guesser as the next doe but I can't surmise whather this

doc, but I can't surmise whether this young man's imagination is the whole trouble or whether his wife really is nagging him more than any good wife is entitled to nag her husband, or whether it is a combination of the

whether it is a combination of the two difficulties.

But presumably his wife loves him and has his happiness at heart. She is the mother of his children. So my is the mother of his children. So my advise to this young man, and to any other reader, man or woman, who may have similar trouble, is to consult a psychiatrist. A psychiatrist is a physician who devotes his practice to the correction of mental disturbances, personality problems, maladjustments, obsessions, delusions or what have you on your mind. Of course any good physician does considerable psychiatric practice, but the man who limits his practice to such cases has greater practice to such cases has greater skill from his special study and his larger experience in the particular

field.

If this young man wants to take the right step at the right time, he cannot do better than to ask his wife to accompany him on the visit to the psychiatrist. No matter whether she psychiatrist. No matter whener ane has nagged him too much or not, she is still the mother of his children, and—well, that places her in any man's religion. Time and again I have seen the dark clouds of conjugal dis-

seen the dark clouds of conjugal fis-cord or threatening estrangement roll-ed back and domestic harmony re-stored by just such a mutual under-standing effected through the wisdom and skill of the psychiatrist. Likewise the unmarried man or woman, young or old, harassed by fin-ner personality conflicts or morbid ner personality conflicts or morbid ideas cannot do better than confide in a good psychiatrist. If you don't know one, I'll be glad to name one in the nearest city, provided you prepay the freight—i.e., send stamped envelope bearing your address. (Copyright, 1985, for The Constitution.)

## News Behind the News

BUDGET WASHINGTON, Jan. 7 .- A budget is a simple thing.

You figure how much money you expect to have coming in and how much you expect to spend.

President Roosevelt figures his income next year will be a little higher, because business will be a little better and more taxes will be coming in. He expects his expenses will be about the same, because what little economies he can make in unemployment relief

must go to improve the national defense and other things.

On that basis, he accounts himself as being 4.8 billions behind this year and predicts he will be 4.5 billions behind next year. That is all you need to know about the budget. At least, it is about all you will find out, if you dig through the 871 printed budget pages (size of a large dictionary) from now until doomsday.

With Mr. Roosevelt, budget making is at once a science and an art. He became interested in the subject when he governor of New York, and those around him can see that he likes it. Last year he introduced the double-entry bookkeeping system. He counted his income in one column, but his expenses in two columns, one for real expenses and one for emergency expenses.

His adversaries figured that one out easily. They added up the two expense columns. This year, they will not find it so easy. He has moved some of the emergency items (Tennessee valley, public buildings) back into the regular budget column. He has started to combine his two expense columns, so it is extremely difficult to tell

That will hinder any critical comparison between proposed and past expenses. But he has worked in another new idea which will absolutely prevent such comparisons. He has lumped the higgest item of expense in one single figure, the 3.9 billions he proposes to spend for "relief of unemployment."

COMPLICATIONS An added complication is the fact that the regular budget is not segregated and totaled as last year. An entirely new and different list of categories is laid out. In it, regular and emergency expenditures fur-

ther overlap.

Also, Mr. Roosevelt has abandoned the arrangement he original inated of estimating a second year in advance. You may recall that, at this time last year, he had hoped he would balance this budget he is now offering. This time he makes no promises beyond July

The boys who know their budget making from the inside say that Mr. Roosevelt was moved to make these changes because his problem was changed. Last year there was tremendous pressure for budget balancing, which he assuaged by anticipating a balance a year in advance. This time everyone realizes the budget cannot be balanced and the pressure is now limited largely to curtailment of heavy relief expenditures. The program he offered to congress last Friday was supposed to assuage the curtailment pressure, by

anticipating curtailment of relief rolls.

Different situations require different budget methods.

COLORS You might call Mr. Roosevelt's new technique "the brown budget system." Ordinary bookkeepers mark their excess emergency expenditures in red ink and nominal expenditures in black ink. Mr. Roosevelt has combined them.

Artists will tell you that the result of combining black and red make a rather vague and uncertain color of brown, but that does not destroy the aptness of the metaphor.

Of course, some critics will be meanies enough to insinuate that Mr. Roosevelt is color blind as far as red is concerned. There is just no possibility of pleasing some people.

BONUS The White House is working smart political strategy against the bonus, but it may be too late. It is not exactly a secret now that Mr. Roosevelt will insist congress provide two billions more of taxes if it wants to pay the \$2,000,000,000 You can see where that puts the bonus congressmen. Right in

front of the taxpayers' buzz-saw. There are more people in every congressional district who will have to pay the increased taxes than there are people who would benefit from the bonus. They will yell just as loudly against the bonus as the veterans are yelling for it, they are properly organized in time.

The trouble is that the White House did not get started soon

Mr. Roosevelt's first announcement was made only a few days before congress convened. Taxpayers have no organization which can swing into action on congressmen like the efficient vet-As things now stand, the cash bonus (without new taxes) will

pass with sufficient congressional support to override a veto. Mr. Roosevelt can yet stop it if he tries hard enough and all indications are that he will ultimately throw the full energy of the White LAUGH The laugh is certainly not on Senators Minton and Tru-

man for those super-praise biographies mentioned in this space a few days ago. The senators did not write these biogthe congressional directory, but wrote very modest ones. The super-praise biographies were ones used in the last campaign. The time has not yet come when public officials should be held responsible for campaign biographies. You can imagine who the laugh is really on.

PERSONAL There is going to be more letter-writing and less speech-making around the White House next year.

The budget allows \$1,000 for letterheads and envelopes, comdocuments.

Economy, however, is not being overlooked all along the line. The budget shows the White House turned back \$12 of last year's \$34,000 appropriation for contingent expenses in the executive

## The Best Hunters Prize Most the Game That Is Hardest To Find

By Robert Quillen -Charity is seldom sensible. It is a product of emotion, not of reason, and emotions burn out quickly. When pity or enthusiasm for good works moves us to care for the widow and the fatherless, we usually provide more than enough for a day or a week and then forget and let them starve until we are primed

by another emotion. Charity is organized as never before, but still it fails to reach the proud and timid who will not ask for help. It often happens that these are the most deserving and most in need, yet they are the ones who receive spasmodic charity, if any, and one is given too much while another

In one small town, where community kindness is a common practice. want of organization resulted in such an unfair division of Christmas bounty that a few poor children received more than the richest while others wept over empty stockingss.

One family-call them the Joneses-were obviously and conspicuneed. Remembering their plight required no mental effort. And thus it happened that every kind soul filled with the Christmas spirit thought first and last of them.

Churches and Sunday school classes took up collections to buy then

food. Baskets of food were taken to them by individuals. Thoughtful neighbors, buying their Christmas groceries, paid a few dollars extra for food to be delivered to the Joneses. And much of it was perishable stuff that would soon spoil. It was a fine and generous thing to do, but there were other and

ore needy families that got nothing at all.

The kindest charity is that which supplies the greatest need. And the greatest need usually is hidden and silent.

#### It isn't charity if it gives to none but the importunate beggar. (Copyright, 1935, for The Constitution.) WAR RISK INSURANCE MRS. MOLLIE E. LEE IS TAKEN BY DEATH SUITS ARE DISMISSED

(Copyright, 1935, for The Constitution.)

She was the mother of 13 children who survive her. They are; sons, John B., W. S., Powell and Colie Lee, of B., W. S., Powell and Colie Lee, of Interest Park: Thomas Lee, of Jacksonville. Fla. and J. M. Lee, of Fayetteville, and the following daughters. Mrs. Chescon's lowest fire loss in the past 25 years will be officially recorded by Volley C. Shepurd, fire chief, during the week, he said tonight.

Although 1934 (igures have not been entirely compiled, Chief Shepard said he had sufficient figures to substantiate his statement concerning estimated losses.

Total loss on 377 Macon fires in

Fear WASHINGTON, D. C.,
Shackled, than two years have passed since Franklin
D. Roosevelt stood on the flag-draped scaffold, nailed together across the front of the capitol and took over from Mr. Hoover, who waited only long enough to make good and sure, then tore for the train in the Union Station acros the park.

Hr. Hoover hasn't been have the would be the state of the train in the Union Station acros the park.

Hr. Hoover hasn't been have the would be the state of the train in the Union Station acros the park.

long enough to make good and surch then tore for the train in the Union Station acros the park.

Hr. Hoover hasn't been back since. He would hardly have known the place if he had been on hand yesterday as Mr. Hoosevelt made his report to congress on the state of the Union. When Mr. Hoover left town so hurriedly there wasn't a bank open and over who came to Washington for the coronation were borrowing a few dollars wherever they could to pay for their meals. The hotels refused to cash checks or even take checks in payment of their bills. The night before, the national capital had been jumpy and scared, but Mr. Hoosevelt called out to the crowd that the country's worst enemy was fear and that there wasn't anything to be straid of. That steadied them at a paniety moment.

Friday, he went before congress to tell the statesmen and the people how things were going up to now and what somes next.

Change It was only a little while statesmen and the people how things were going up to now and what somes next.

Change It was only a little while statesmen and the people how things were going up to now and what somes next.

Change It was only a little while statesmen and the people how things were going up to now and what somes barred at the doors of some of the big stores in New York and Washington, so great were the crowds inside. Some of the citizes may have been suffering still from the effects of the most extravagant and most drunken New Years Eve celebration within the memory of any living headwaiter, for Mr. Hoosevelt had promised that prohibition would be repealed too. And now they were selling cocktails everywhere but in the public schools.

There be those who will argue that all this makes no difference except for the works and that Mr. Hoosevel for the mean of the place of the works and that Mr. Hoosevel for the mean of the place of the most series of the most series of t

There be those who will argue that all this makes no difference except for the worse and that Mr. Roosevelt, with his spending of billions, is merely storing up a terrible come-uppance for the U. S. A., to be administered when the bill comes due. But, taking things just as they were yesterday, the fear was off. There was money in ac-tion and the country had lived two years beyond that brooding night be-fore last coronation day when the peo-ple seemed like to man the barricades

Moreover, Mr. Roosevelt was pleasanter to the eye and ear than either Mr. Hoover or Coolidge had been. When the debt figures go up into nive When the debt figures go up into niue zeroes, the citizens lose track of the problem anyway and have to trust to the judgment of the president. Mr. Roosevelt radiated confidence in the country and the future and moreover he had a bold way of seeming to say more with one comma than either of the others would say in a book.

## Possession of Beer Not Liable for Suit

The court of appeals held Monday hat one man cannot sue another for cossession of beer because it is illegal or either of them to have it. The decision was on the case of Thomas K. Windham against Murray Harmon, both of Atlanta, in which Windham sued for the recovery of 170 cases of beer. Judge Raiph McClelland dismissed the case in the municipal court and the higher court upheld his action.

The Edison Brothers Stores, Inc., with executive offices in the 710 North Twelfth Boulevard building in St. Louis, Mo., announce a 32.72 per cent increase in its business over that of last year, through its president, Harry Edison.

The company was originated in At lanta and had its first offices in the Peachtree Arcade about six years ago.

## FATALLY STRICKEN

The company operates a system of retail shoe stores and is now recognized shoe stores and is now recognized as a national factor in the distribution of shoes. It has been, and still is, in the position to consume mass production, thereby indirectly giving employment to thousands of employees in that field. In its own organization it employs 2.500 men.

This company has also accome a recognized factor in the placing of contracts for store construction, providing considerable employment in that field also.

The concern continues to operate its original store on the corner of Whitehall and Alabama streets in Atlanta.

#### WOMAN BOUND OVER FOR LURING GIRL

Belle Morgan, 27, of a Rawson street address, was bound over under \$500 bond Monday on charges of in-veigling a minor child to leave her

home.

The Morgan woman, arrested a week ago by detectives in connection with the disappearance of Lucille Dockery, 14-year-old daughter of Mr. and Mrs. H. T. Dockery, of 162 Rawson street, was tried in Recorder Callaway's court Monday afternoon. She was charged with luring the minor girl away from her home to a downtown hotel. Teh Dockery child returned to her parents Thursday.

#### **NEW GEORGIA PRISON** CONTRACT IS SIGNED

The contract between the federal government and the Struck Construction Company, of Louisville, Ky., for building of the new state prison in Tattnall county was signed Monday by officials of the company, Hugh Howell, Atlanta lawyer, who handled negotiations for the prison in behalf of the state, announced Monday night.

The company recently was awarded.

of the state, announced Monday night.

The company recently was awarded the contract when it submitted a low bid of \$1,081,000.

Mr. Howell said that the construction work would get under way soon.

On the Air Today

UNDERSTANDING MUSIC—
Howard Barlow will feature Bruno
Lebate, oboe soloist, with the orchestra during a discussion and performance of concerto music on the "Understanding Music" program ever
WGST at 5:30 o'clock this evening.
Lebate will play George Friedrich
Handel's Concerto for Oboe in four
movements, Grave, Allegro, Sarabande
and Allegro. Barlow, directing the
orchestra, will first discuss Handel
and the development of the concerto.
Following the performance of the
concerto he will direct the orchestra
in Ravel's prelude, "Le Tombeau de
Couperin." UNDERSTANDING MUSIC-

SCHOOL OF THE AIR—One of the masterpieces of Richard Brinsley Butler Sheridan, "The Rivals," will be presented in a specially prepared radio version during the American School of the Air program over WGST from 1:30 to 2 o'clock this afternoon.

ISHAM JONES—Olga Baclanova, glamorous Russian stage and screen star, will be heard over WGST from 8:30 to 9 o'clock tonight, as guest star with Isham Jones and his orchestra. Her rocal selections will be "The Thrill Is Gone" and another to be announced.

Brilliantly arranged medleys will be presented during the program. Included are "Night and Dax," "Deep Night." "Here I Am." "Why Was I Born?" and "Let's Be Thankful."

Rossville Strike Prisoners Held at Armory

The 25 men placed under military arrest Monday for failure to obey orders of Georgia National Guard troops on duty at the Richmond Hoslery mill, Rossville, Ga., where a strike is in progress, apparently look upon their captivity as a joke. The prisoners, who were brought to Atlanta by motor truck and taken to the Auditorium armory, are shown in the upper photograph being directed by guardsmen through the armory entrance. In the lower photograph Adjutant General Lindley Camp, commander of the Georgia National Guard, is shown questioning several of the men.-Staff photos. MISSISSIPPI SCHOOLS

#### 25 STRIKERS HERE FROM ROSSVILLE

Continued From First Page,

group sent to Atlanta was accompa-nied by an escort of 28 soldiers. After a morning marked by some disorder when the hosiery mill reopened with recruited workers, the guard officers spent the afternoon in questioning their prisoners. The arrests were made when some members of the jeering crowd about the mill failed to move quickly enough at the guardsmen's orders.

While the men were being placed in the trucks for the ride to Atlanta a large crowd gathered around them all large cro

guardsmen's orders.

While the men were being placed in the trucks for the ride to Atlanta a large crowd gathered around them but there was no disorder other than the shouting of jibes at the troops. The crowd also jeered workers late today as they left the mill and a few threats were hurled at them.

at the troops.

at the troops.

Also jeered workers late threats were hurled at them.

During the morning the guardsmen on several occasions were bombarded by vegetables and other missiles thrown by persons standing just over the Tennessee state line, which runs 100 feet from the mill. Later, three unarmed soldiers had a brief verbal tilt across the line with a group which was dispersed by Tennessee special officers.

In view of the threats made nill workers left the special of the

ficers.

In view of the threats made as the mill workers left the plant tonight, extra precautions were taken to prevent a recurrence of night riding in the mill village. Recent intimidation of employes by night riders caused Sheriff J. C. Keown, of Walker county, to call for troops last week, shortly after most of the 1,000 workers at the Richmond plant walked out because of a wage reduction.

National guard officers also said

activities among the strikers.

In an effort to reach some solution of the problem mill officials conferred tonight with Alex McKeown, first vice president of the United Federation of Hosiery Workers. McKeown previously had held a conference with Adjutant General Lindley Camp and Colonel L. C. Pope, in charge of the troops here, but it came to naught.

Colonel Pope, commenting on the officers white men who also many the conference with the conference with the case arose from the accusations of two young white women, clad in overalls, who were riding a freight train from Tennessee into Alabama. The women said the negroes threw off several white men who also many the conference with the offense. One was acquitted, however, and one was excused because of his youth. Of the customer random constant to the problem of the problem mill officials conferred to the United Federation of Hosiery Workers. McKeown previously had held a conference with the offense. One was excused because of his youth. Of the customer random mill officials to the problem mill officials conferred to the United Federation of Hosiery Workers. McKeown previously had held a conference with the offense. One was excused because of his youth. Of the problem mill officials to t when the United Federations of his youth. Of the victed and sentenced to death. Five others await trial.

The case arose from the accusations of two young white women, clad in overalls, who were riding a freight train from Tennessee into Alabama. The women said the negroes threw off several white men who also were on the train.

Other guard officers, who are to be quoted directly feeling.

Other guard officers, who declined to be quoted directly, said the general feeling prevailed that the situation could be handled without "any outside

Guard officers estimated that 300 Guard officers estimated that 300 workers entered the plant, which normally employs 1,000, this morning. The crowd which congregated in the street across from the mill entrance moved across the state line into Tennessee, about 100 feet away, after Colonel Pope, commander of the 350 guardsmen on duty here, addressing them said:

"If you want to come in and so to

"If you want to come in and go to work, all right, otherwise keep mov-

work, all right, otherwise keep moving."

From the Tennessee side of the line the crowd renewed its jeering, directing its barbs at the steel-helmeted guardsmen as they maintained their posts with bayoneted rifles.

Meanwhlie, approximately 100 Tennessee special officers patrolled the Tennessee side, keeping a close watch on the mill property and in the village where employes of the plant live.

At the conclusion of the meeting to night betweef McKeown and mill officials a joint statement was issued, saying that the labor side of the controversy had put forward a proposition for settlement of the strike and that the mill management had taken it under advisement. The nature of the proposal was not revealed.

Officers of the mill intimated that they might offer a counter proposition tomorrow or the next day.

Announcement also was made to night that an affiliate of the Richmond concern. the Soddy mill at Soddy. Tenn., would be reopened tomorrow. The mill, which employs about 40° persons in the manufacture of children's clothes, has been closed for some time on account of labor difficulties. Richmond mill officials said the strike at Soddy and the one here had no connection.

# Crashes in Fog, Dies

PRATTVILLE, Ala., Jan. 7.—(P)
Second Lieutenant James L Majors,
attached to the United States army
air post at Maxwell field, was killed
late today as his plane crashed in an
open field while he fought his way
through a heavy fog at low altitude.
Lieutenant Majors, who went to
Maxwell field a year ago from Shreveport, La., was mangled beyond recognition as the plane's motor tore a
huge hole in the ground and the fusilage crumpled under the impact.

## NRA OIL CONTROL

IS HELD INVALID Continued From First Page.

there were predictions that new legislation would be enacted for oil control, possibly through state compacts.

Justice Cardozo was the only high court member to disagree with the conclusion of the other eight that congress had given away some of its intrinsic powers.

Although the oil statute was a part of the national industrial recovery act, other portions of the law were not ehallenged in the suit brought by the Panama Refining Company and other concerns operating in the flush oil field.

Consequently, the codes affecting al-

concerns operating in the flush oil field.

Consequently, the codes affecting almost every industry in the United States stand for a later test, although some of the chief justice's language may not be read with pleasure by administration and NRA officials.

The oil code was not passed upon because of a curious oversight on the part of the administration. The section penalizing those who violated its terms was left out inadvertently and not inserted until September, last year. Chief Justice Hughes said that consequently the government could not prosecute those charged with violations of its terms.

"To repeat," said the chief justice near the end of his lengthy opinion, "we are concerned with the question of the delegation of legislative power.

"If the citizen be punished for the crime of violating a legislative order of an executive officer, or of a board or commission, due process of law requires that it shall appear that the order is within the authority of the officer. board or commission, and, if that authority depends on determination of fact, those determinations must be shown."

#### 3 NEGROES MUST DIE FOR FARMER'S DEATH

JACKSON, Miss., Jan. 7.—(R)—
Three negroes convicted of the brutal slaying of Raymond Stewart, Kemper county white planter, last March, must hang February 8, the Mississippi supreme court ruled today.

The condemned negroes are Ed Brown, Henry Shields and Yank Ellington. They had appealed on the grounds their alleged confessions were obtained by force, Stewart was found beaten to death.

This is your guarantee of satisfactures are accomplished and enduring and enduring tion. Its benefits are progressive ... accumulative ... and enduring.

Moreover, S.S.S. is not just a so-called tonic. It is a toni Moreover, S.S.S. is not just a so-called tonic. It is a tonic specially designed to stimulate gastric secretions, and also has the mineral elements so very, very necessary in rebuilding the oxygen-carrying hemo-glo-bin of the blood. This two-fold purpose is important. Digestion is improved... food is better utilized... and thus you are enabled to better "carry on" without exhaustion—as you should naturally.

If your condition suggests a tonic...if you tire easily...get a bottle of S.S.S....take an appetizing portion just before meals. You will find it is truly a blood and body tonic. You should feel and look years younger with life giving and purifying blood surging through your body. You owe this to yourself and friends.

S.S.S. is sold by all drug stores in two convenient sizes. The \$2 economy size is twice as large as the \$1.25 regular size and is sufficient for two weeks treatment. Begin on the uproad today. S.S.S. is really an inexpensive way to better health and more happiness. So many say, "S.S.S. makes you feel like yourself again." C The S.S.S. Co.

Do not be blinded by the efforts of a few unethical dealers who may suggest that you gamble with substitutes. You have a right to insist that S.S.S. be supplied you on request. Its long years of prefer-ence is your guarantee of satisfaction.

yourself again

# How to Guard against the

Every Constitution reader is urged to heed these precautions

The flu epidemic has reached this community. The health authorities are doing their part, but every individual must be on guard.

Keep your medicine chest supplied with the sensible aids to health; any sickness weakens the system and lowers your resistance to germs.

Every household should have at least one hot water bag, in good condition, or an electric pad; and a fever thermometer. Sleep in airy rooms, with ample covering. Avoid an overheated house during the day; dress warmly when you go out. Beware of overcrowded cars, poorly ventilated public meeting places, stuffy telephone booths. Flu is contagious! Breathe through the

nose. Keep the bowels in good order; Phillips' Milk of Magnesia is a good laxative and an excellent antacid, too. If you have any symptom of a cold, take Bayer Aspirin according to directions. A common cold is especially dangerous at a time like this, because it lowers your resistance.

Eat plain foods, get enough rest, and don't over-do. Take these extra precautions to keep in sound physical condition, so your system will have its normal resistance against germs.

At any sign of actual flu, call a doctor at once. Do not try to treat yourself for influenza!

#### Trustees' Report Reveals **Economic Operation and** Increased Service.

Record Marriage Mark

Record Marriage Mark

Set in Divorce Capital

RENO, Nev., Jan. 7.—(P)—New
all-time records for the number of
marriage licenses issued were set
during 1934 in this divorce capital
and the same holds true for near-by
Carson City.

The unprecedented wedding parade, attributed largely to Califorunia's strict "gin marriage" law,
brought 5.629 couples to Reno and
1.185 to Carson City for marriage
licenses last year. Reno's total exceeded by 398 the former record
established in 1931 and in Carson
City, where the per capita marriage
rate is highest in the nation, the
margin was 378 over last year's
high record.

In both cities divorce ran a poor
second. Reno had 2,920 divorce
suits during the year; Carson City
had 166.

groes, an emergency service and an annex to the clinic building are now under construction.

The report also showed that the expanded contagious ward provided for treatment for practically every contagious disease prevalent. The report also pointed out that to care for greatly increased demand upon the clinic during the year it has been necessary to divide the medical and surgical work. It was shown that the recently organized heart clinic and diabetic clinic have grown and improved the character of their service.

The report also confirmed previous figures which said there were 1,503 white babies and 1,592 colored babies born at the hospital during the year, the trustees estimating that 30 per cent of the megro infants and 80 per cent of the negro infants born in Atlanta and Fulton county first see the light of day in Grady hospital.

The report is neatly bound and heautifully illustrated with photographs showing the operations of the hospital's various departments and agencies.

Tribute to Staff.

Kendall Weisiger.

# Is Bill for Atlanta

other 36 hours of intermittent driszle and cloudiness, George W. Mindling, government weather forecaster, said Monday. Mitigating somewhat the unpleasant effect of the dampness, the mercury is expected to climb as highas 60, or 18 degrees above normal for January. A low of 54 is predicted for this morning. Sunday's record showed a total precipitation of .07 of an inch with the temperature between 50 and 52.

While low barometers were reported in most sections of the country, light rains prevailed in Georgia, Mississippi, South Carolina and Tennessee, also in New England westward through New York and part of Pennsylvania. A warm spell reported in the eastern part of the country sent all thermometers east of the Mississippi above freezing.

### BACK TAX PAYMENTS

IN GEORGIA INCREASE Georgia ranked fourth among the states in collecting back taxes for the month of November, Internal Revenue Collector W. E. Page announced Monday. For the first 11 months of last year the state ranked eighth, he said. The state's quota for November was \$122,000, and \$228,000 was collected; its quota for the 11 months was \$1,342,000, and \$1,590,000 was collected.

lected.

For the month of November, Vermont, Texas and Hawaii bettered Georgia's record.

### PERU GARRISON FALLS

Mimicry of the sort we mentioned yesterday and demonstrated with the robber fly is known as aggressive mimicry, since it apparently enables the animal successfully to capture his prey. There is another sort of mimicry that is called protective mimicry, in which an animal appears to be something that it is not.

The classic example of protective mimicry is found in the world of the butterflies again. There are some species that are readily eaten by birds, monkeys and other insectivorous animals. These species almost invariably include among their numbers one or more species that would be just as quickly eaten if it were not for their appearance. In color and pattern they appear to have been modeled after species that are not at all delectable to the palates of these preying animals and for that reason they are more or less immune to attack. "DAZZLED BY BEAUTY," says Miss Dorris Bishop, buyer and value expert. "I guessed the new 1935 Dodge to be worth hundreds of dollars above its actual price." And she knows value!

So Much Luxury, Style and Value in the New 1935 Dodge, Experts Overguessed Its Price . . . Couldn't Believe It Would Sell For So Little!

175 value experts — buyers, purchasing agents, stylists ... were asked to guess the price of the New-Value Dodge for 1935. And every one guessed too high! Some by as much as \$200 to \$300!

No wonder they couldn't guess correctly. Never before has any car, so low in price, been so smartly designed, so sturdily built with 95 basic advancements that provide new comfort, new economy, new high speed with safety.

Take a look at this new Dodge. There's smartness in every line, every angle . . . then drive it. Enjoy the newest development in driving ease - "Synchromatic Control." All major driving operations . . steering, brakes, shift, clutch . . have been made effortless!

Then try the "Airglide Ride." It's literally like gliding. Dodge has a steadiness and roadability not even approached before in any motor car. It keeps on an even keel at all times. Hugs the road. Skims smoothly over rough spots. Takes sharp curves safely, even at high speeds. All made possible because Dodge engineers have found the secret of equalized weight distribution on all four wheels-with super-flexible springs to absorb road shocks and the new Dodge "Ride-Levelator" to eliminate sidesway. Amazing Economy

And new Dodge "Red Ram" engine is silky smooth, with traditional Dodge dependability. Develops 85 miles an hour and up! Built to last, to save money no matter how fast you drive. A saving of 15¢ to 20¢ on every dollar you spend for gas is now possible-

with even more astonishing oil economy. And of course Dodge gives you time-tested hydraulic brakes, safety all-steel body, patented Floating Power engine mountings—and other famous advantages which have made Dodge unequalled in its

reputation for rugged, dependable service. Surprising Low Prices!

Only the genius of a manufacturing organization such as Dodge-with 20 years of experience in building fine motor cars could create such astounding

than you'd pay for one of the small cars, you can step up into the big-car class . . . enjoy real style and luxury.

# TEXT OF PRESIDENT'S BUDGET MESSAGE AS GIVEN TO CONGRESS

## Balancing of Federal Books Blocked by Unemployment

budget message to congress today To the congress of the United

States:

The budget of the United States rovernment for the fiscal year ending June 30, 1936, of which this message is definitely a part, is transmitted herewith for your consideration. It deals principally with the moueys carried in the general and special accounts of the government, which constitute the great bulk of the general fund, as this fund is shown on the first page of the daily treason the first page of the daily treas-ury statement. The remainder of the general fund consists mainly of moneys carried in trust accounts, which are not strictly government moneys, and therefore enter only in-cidentally into the financial fixture presented by the general budget sum-

REVIEW OF 1934
FISCAL YEAR.

The total expenditures of the government for the fiscal year ended June 30, 1934, as shown in the general budget summary and supporting schedules, amounted to \$7,105,000, 000 in round figures. schedules, amounted to \$1,100,000,000 in round figures. Of this amount, the sum of \$1,086,000,000 was spent for the operation and maintenance of the regular departments and establishments of the governments and establishments of the governments and establishments of the governments. ments and establishments of the government, \$556,000,000 to meet veterans' pensions and benefits, \$757.
000,000 for interest on the national debt, \$360,000,000 for statutory debt retirements, and \$63,000,000 for tax refunds, making in the aggregate \$2,822,000,000. The remainder of the total expenditures for that year, spent for recovery and relief. The general purposes to which this amount was applied are set forth in detail in supporting schedule No. 3. It will be seen that this amount was expended approximately as follows: Agricultural aid ... \$847,000,000 Relief ..., 1,844,400,000 Public works ... 653,500,000 Aid to home owners ... 194,900,000 Reconstruction Finance Corporation ... 584,600,000 Miscellareness ... 584,600,000 Corporation ......

A part of this expenditure of \$4,-283,000,000 for recovery and relief is repayable; indeed, substantial repayments have already been made to the government.

to the government.

LOANS AMOUNT
TO \$132,000,000.

Loans amounted to \$732,000,000.

And subscriptions to capital stock and preferred shares to \$826,000,000.

making a total of \$1,558,000,000 which may be regarded as repayable expenditures made during the fiscal year 1934. The part regarded as nonrepayable totals \$2,725,000,000.

This sum has been spent mainly for grants, aids, public works projects, and administrative expenses.

The total receipts of the government for the fiscal year 1934 reached in the aggregate \$3,115,500,000.

Of this amount \$2,640,600,000 came from internal revenue, \$313,400,000 from customs, \$152,600,000 from miscellaneous revenues, and \$8,900,000 from research testing to \$1,000.000 from meaning the same same search testing to \$8,900,000 from research testing to \$8,900,000 from receipts described to \$8,900,000 from research testing tes

cellaneous revenues, and \$8,900,000 from receipts due to the realization upon assets. Income tax supplied \$818,000,000 of internal revenues; miscellaneous taxes (e.g., estate, capital stock, liquor, tobacco, stamp and excise taxes), \$1.469,600,000 and processing taxes, \$35,000,000. Since the processing taxes are appropriated for the use of the agricultural adjustment administration, their total should be subtracted from the aggregate receipts above above the aggregate receipts above above the aggregate receipts above above the aggregate receipts and the aggregate receipts aggregate receipts aggregate receipts and the aggregate receipts miscellancous taxes (e. g., estat the aggregate receipts shown above in order to arrive at the general reof the government. general receipts, \$2,762,500,-

000, excluding processing taxes, approximately equaled the regular expenditures for the year, a fact which should be only recognized. DEFICIT PLACED AT \$3,989,500,000

The deficit at the end of the fiscal year 1934, as shown in the general budget summary, was \$3,929,500,000 in round figures. After deducting \$359,900,000 for statutory debt retirements during 1934, the resulting net deficit financed from borrowings was \$3,629,600,000. The gross increase in the national debt amounted \$4.514.400.000, making a total debt of \$27,053,000.000, as indicated addition to the debt during 1934 in-cluded the financing of the net cluded the financing of the net deficit of \$3.629.600,000 and an in-crease of \$884.800,000 in the cash

defect of \$5.523.000,000 and an increase of \$584,800,000 in the cash balance of the general and special accounts, as shown in supporting schedule No. 4.

Because of its profound influence on the federal budget, the economic situation may be briefly summarized at this point. Business was substantially more active during the fiscal year 1934 than in either of the two preceding fiscal years. At the opening of the year, in July, 1933, producers were increasing their operations sharply, reflecting in part larger orders placed in anticipation of code regulations. There was a temporary decline in output in the autumn and early winter, in response ton an overaccumulation of inventories during this period, but production again advanced during the last half of the fiscal year. Industrial output for the period as a whole, when measured by the federal reserve board index, was 25 per cent greater than in the fiscal year, 1933, and colving the last part of the fiscal year. measured by the federal reserve board index, was 25 per cent greater than in the fiscal year 1933 and only slightly below the level of the fiscal year 1931. The degree of recovery varied in the different industries. Production of non-durable goods, which had declined only moderately during the depression, approached average, while otput in the durable-goods group, where prices showed relatively small declines since 1929, was 38 per cent below its average in those years. Construction activity financed by private individuals continued to be restricted in amount, although public construction increased. This result was in no way surprising in view of the enormous sums spent in permanent structures, inmany cases in excess of actual requirements, during the peried 1925-EMPLOYMENT

EXPANDS.

The average volume of industrial employment expanded in proportion to production, and the total number of unemployed at the end of the fiscal year 1934, although still very large, decreased by about 2,000,000, as compared with June, 1983, and 4,000,000 as compared with the worst point of the depression, which fell in March, 1933. Reflecting higher wage rates and an expansion in total hours worked, industrial pay rolls averaged sharply higher over the year. Distribution of commodities at retail to consumers increased, but in amaller proportion than output, with the result that inventories of manufactured goods showed a net growth over the year ended June 30, 1934.

At the end of the fiscal year 1834 the bureau of labor statistics' index of wholesale commodity prices stood at 74.8 per cent of its 1926 average.

early in March, 1933. The sharpest rise in prices took place in farm products which were affected by anticipation of smaller crops during the summer of 1934. The rise in ag-ricultural prices more than offset the decrease in farm output, and farm-ers' cash income, including govern-mental rental and benefit payments, was 34 per cent higher than in the was 34 per cent higher than in the fiscal year 1933. Corporate profits, aided by larger volume as well as by inventory appreciation, also increased considerably.

IN SEPTEMBER.
Following the close of the fiscal year, 1934, output in basic industries fell sharply through September, reflecting particularly an overaccumntation of inventories in steel and textile products and the delay in the placing of orders for autumn merchandise because of uncertainty as to the effect of the drouth. Industrial prices, however, remained relatively stable and prices of farm products and foods moved into closer alignment with prices of non-agricultural commodities. In retail markets, goods continue to move in sustained volume with the result that inventories were reduced to lower levels and output was again increased in the final quarter of the calendar year 1934.

CONDITION OF 1985

The total expenditure requirements for the fiscal year at June 30, 1935, are estimated at approximately \$8,581,000,000, as shown in the general budget summary. Of this amount, the sum of \$3,321,000,-000 is for regular expenditures, and \$5,260,000,000 for recovery and relief. The regular expenditures are for the following general purposes:

Tax refunds (excluding processing tax-

application of new laws or revisci rules pertaining to service-connected disabilities.

\$788,000,000 FOR AAA.

Of the total expenditures for recovery and relief. \$788,000,000 is for the agricultural adjustment administration and the refunding of processing taxes, while \$4,472,000,000 is developed to the processing taxes. processing taxes, while \$4,472,000,000 is devoted to other purposes in the recovery and relief program. During the first five months of the current fiscal year the government expended for recovery and relief \$1,712,000,000, or at the rate of about \$350,000,000 per month.

A summary of the aggregation amounts expended for recovery and relief from February 1, 1932, to November 30, 1934, shows a total fixure of \$8,164,900,000. This expenditure has been distributed approxi-

ture has been distributed approximately as tollows: Agricultural aid \$1.337,300,000 Relief 2,783,000,000 Public works 1,226,200,000

Reconstruction Finance Corporation

PROVISIONS.

From February 1, 1982, to November 30, 1934—nearly three years—provision for recovery and relief through appropriations and authorizations reached a grand total of \$14, 412,400,000. Of this total there re-412,400,000. Of this total there remained unexpended on Nevember 30, 86,247,500,000, a large part of which had already been obligated though not yet actually paid out by the treasury. The sum of approximately \$900,000,000 from the unobligated portion must, however, be made available for transfer to emergency relief needs during he remaining months of the current fiscal year. Recommendation is therefore made that the congress provide for the immediate transfer of such unobligated portion for relief during the transition period from direct relief to work relief as sutlined in my annual message.

to work relief as outlined in my annual message.

Appropriations for emergency relief purposes will be completely exhausted early in February. Hence it is vitally necessary that unobligated balances of moneys a ready appropriated be made immediately available to care for the unemployed during the remainder of the fiscal year 1935 and the transition period. Through such action no new appro-Through such action no new appro-priation will be required to carry our relief needs for the current fiscal

year.

The total receipts for the fiscal year 1935 are estimated at \$3,711.-000,000. After deducting from this amount the processing taxes, estimated at \$589,000,000 there remains \$3.122,000,000 to be applied against other expenditures of the government.

The income tax for 1935 is estimated to yield \$234,000,000 more than in 1934, or a total of \$1.051, 000,000. The receipts from miscellaneous internal revenue taxes, ex-000,000. The receipts from miscellaneous internal revenue taxes, exclusive of processing taxes, are expected to produce \$60,000,000 more in 1935 than in 1934, thus bringing the total yield up to \$1,543,000,000. It is estimated that customs will show a decrease for 1935 under 1934 of about \$26,000,000, due to the Cuban sugar agreement and to the foreign trade situation in general Miscellaneous revenues and other receipts from the realization of certain assets are expected to yield for 1935 about \$227,000,000, an increase of \$66,000,000 over 1934.

The deficit for the fiscal year 1935 is estimated at \$4.869,000,000, including \$573,000,000 for statutory debt retirements. On December 26, 1934 the gross national debt stood at \$28,484,000,000. It is estimated that the gross debt on June 30, 1935, will amount to about \$31,000,000,000. In the budget message of iast year it was estimated that the national debt on June 30, 1935, would amount to \$31,800,000,000. According to the latest estimates, the debt will not reach this amount by \$800,000,000.

In the budget message of last year I said, speaking of the fiscal year 1936, that we should plan to have a definitely balanced budget for the third year of recovery and from that

# 6 FARM MARKETS

Congress Gets Georgian's Bill Asking Federal Aid for Projects.

By GLADSTONE WILLIAMS, WASHINGTON, Jan. 7.—Estab-lishment of a series of great agricultural markets not exceeding six in each state was proposed in a bill laid before the lower house today by Representative Paul Brown, of Geor-

The proposed markets, designed to The proposed markets, designed to facilitate the sale, exchange storage and processing of all agricultural products, would set up by the United States department of agriculture out of new funds to be appropriated for public works.

While the Georgia congressman did not list the cities in the state which would be beneficiaries of the plan, passage of his bill would undoubtedly result in the selection being made

passage of his bill would undoubtedly result in the selection being made from a group of cities including Atlanta, Macon, Savannah, Athens, Albany and Brunswick. One section of the bill specifies that the markets "shall be located by the secretary of agriculture at different places throughout each of the several states having due regard to the various agricultural areas to be served, and determining upon the location the proximity to agricultural schools and colleges shall be considered." Mr. Brown said the latter proviso was added said the latter proviso was added with a view to giving students at-tending such institutions an opportu-nity of studying and obtaining ap-

Markets.

All the market would be operated upon the co-operative plan, with authority given for the organization of companies and associations to that

end.

The public works administration would be empowered to advance to each of the marketing companies or associations the necessary initial capital on liberal terms.

Representative Brown introduced a similar measure at the last session but it came too late for action. Since then a large number of agricultural leaders and co-operative organizations have manifested keen interest in the proposal. expressing the belief it will serve a highly useful purpose in pro-moting the sale and exchange of farm commodities. He intends to press vig-crously for action. orously for action.

time on to seek a continued reduction of the national debt. Despite the substantial measure of recovery achieved since that state ment was made. unemployment is still large. The states and local units now provide a smaller proportionate share of relief than a year ago and the federal government is therefore called upon to continue to aid in

this necessary work.

For this reason it is evident that we have not yet reached a point at which a complete balance of the budget can be obtained. I am, how budget can be obtained. I am, however, submitting to the congress a budget for the fiscal year 1936 which balances except for expenditures to give work to the unemployed. If this budget receives the approval of the congress, the country will henceforth have the assurance that, with the single exception of this item, every current expenditure of whatever nature will be fully covered by our estimates of current receipts. Such deficit as occurs will be due solely to this cause, and it may be expected to decline as rapidly as private industry is able to re-employ those who are now without work.

ENPENDITURES.

The estimated expenditures for the fiscal year 1936, as shown in the general budget summary, total in round figures \$8,520,000,000, including statutory debt retirements. Of this amount, \$3,938,000,000 are for regular purposes, and the remainder for recovery and relief. The regular expenditures consist of \$1,622,000,000 for the operation and maintenance of the regular departments and establishments of the government, which includes \$200,000,000 to be expended from an annual appropriation of

the regular departments and establishments of the government, which includes \$200,000,000 to be expended from an annual appropriation of \$300,000,000 for public works, as requested in the hudget and as explained below. The other items of regular expenditures are \$740,000,000 for veterans' pensions and benefits. \$875,000,000 for interest on the national debt, \$636,000,000 for statutory debt retirements, and \$65,000,000 for tax refunds (excluding processing tax refunds).

Some of the principal increases in the major expenditure items for 1936 may be cited. The restoration of the final 5 per cent of the 15 per cent salary reduction amounts to about \$40,000,000 for the regular departments and establishments, exclusive of the postal service. The latter service requires an additional sum of \$25,000,000 for this purpose. Provision has been made in 1936 for an increase in the civil service retirement and disability fund of \$20,000,000 over 1935, making a total annual contribution to this fund of \$40,000,000. This increase will enable the government to meet more nearly its annual obligation with respect to this fund. It has been estimated that this obligation amounts to \$32,000,000. Dut such estimate has not been sufficiently established to justify its inclusion in the budget. An effort will be made during the coming year, however, definitely to establish the government's annual liability, the amount of which will be included in the 1937 budget. Like-wise, an increase of \$50,000,000 is recommended in the veterans' adjusted-service certificate fund, thus

## bringing the total annual contribu-tion to this fund up to \$100,000,000. The actuarial requirement, of the Continuation Urged fund for 1936 has been estimated at \$155,000,000. An effort will also be made during the coming year to establish this fund on a more definite basis consistent with the government's actual liability under existing law. The expenditures for national defense have been increased for 1936. Of Present Tax Rate

WASHINGTON, Jan. 7 .- (P)-President Roosevelt's message recommended continuation of taxes at present rates which otherwise would expire next June and July. These taxes, with their estimated yield in the 1936 fiscal year follow:

defense have been increased for 1936 over 1935 by \$180,000,000. This increase is due to the current policy of the congress and the executive to make up for the delay by the United States in meeting the provisions of the naval treaties of 1922 and 1930, and to provide replacement and improved equipment for the army. Veterans' pensions and other requirements have also been increased by about \$130,000,000, after adding to the 1935 figure the estimated supplemental amount previously mentioned. the 1936 fiscal year follow:

Excise Taxes: Lubricating oil, \$22.600,000; brewers' wort, malt, \$900,000; matches, \$6,400,000; gasoline, \$154,700,000; electrical energy, \$32.300,000; automobile tracks, \$3,000,000; other automobile and motorcycles, \$26,600,000; parts or accessories for automobiles \$5,100,000; tires and inner tubes, \$20,100,000; tires and the tubes and the tubes and t 000: toilet preparations, etc., \$11, 000,000; articles made of fur, \$2, 700,000; jewelry, \$1,600,000; radio sets, phonograph records, \$3,600. 000: mechanical refrigerators, \$5,-000,000: sporting goods, cameras, lenses, \$4,000,000: firearms, shells and cartridges, \$2,400,000; chewing gam, \$700,000.

Telephone, telegraph, radio and

ing gum, \$700.000.

Telephone, telegraph, radio and cable, \$18,500,000; transportation of oil by pipe line, \$9,400,000; stamp taxes, bond transfers, \$13,-

Total excise taxes, \$344,400,000. Stamp tax issues of securities, \$5.400.000; stock transfers, \$10,-300.000; sales of produce for future delivery, \$4,300,000; admissions Grand total, \$377,700,000.

mail. Unless this rate is continued the local expenses for 1936, which include steamship and aircraft subslidies and free carriage of government mail, will be burdened on the general revenues of the treasury. I. therefore, recommend the extension of

This appropriation is intensed to take care of the normal public-works requirements of the government usually included in the annual supply bills, such as federal highways, river and harbor improvements, and general public works, including the construction program of the Tennessee Valley Authority. This requested appropriation may therefore be regarded as regular instead of emergency. The debt charges for interest and retirements have increase considerably due to the growth of the national debt, but the decrease in the average annual interest rate has served to keep these charges down. The estimated expenditures for recovery and relief during 1936 are placed at \$4.110,000,000, excluding \$472,000,000 for the agricultural adjustment administration. I recommend that \$4,000,000,000 be appropriated by the congress in one sum, subject to allocation by the executive principally for giving work to those unemployed on the relief rolls. An estimate of expenditure covering

A number of the emergency agencies now authorized by law will terminate during the present fiscal year. Most of these agencies till important present needs and should be contin ued. As rapidly as seems practicable, I am bringing the administrative ex-

Many of the estimates of appropriations contained in the budget are based upon the continuation of certain legislative provisions with reftain legislative provisions with ref-erence to economy which are now in force. They are appended hereto and should be re-enacted if the estimates are to be sustained. Among those continued is the provision for certain special salary reductions, the suspen-sion of the re-enlistment bonus to men of the military and naval serv-ices, the reduction in travel allow-ances of certain postal employes, per-mitting temporary reassignment of mitting temporary reassignment of duties to certain postal employes, reduction in fees of jurors and witnesses, permitting transfers between appropriations, and the involuntary retirement of federal employes having third years' service. Specific provision is also made for service credits to certain personnel affected by the suspension of increases in pay during the fiscal year 1933 to 1935, in the determination of compensation accruing subsequent to June 30, 1935, but without authorizing the payment of the amount that would have been paid during these years. Among the economy provisions, which now obtain and which it is not proposed to continue is the 5 per cent reduction in compensation of government employes after July 1, 1935. I see no reason, however for the restoration of the reduction prior to that date. The mitting temporary reassignment reason, however for the restoration of the reduction prior to that date. The index figure of the cost of living, on the basis of which salary restorations are provided by section 3, title 2, of the economy act of 1933. now indicates that such restorations in all probability would not even be justified on next July 1, or for some time thereafter.

CHANGES IN FORM

OF BUDGET.

Several important changes have

REVENUES, RECEIPTS

ESTIMATES GIVEN.

The detailed estimates of revenues and receipts for 1936, shown in statement No. 1, indicate a gain of \$137,000,000 in the collections from income tax over those for 1935. This gain is due to anticipated improvement in business and to the upward revision of rates in the revenue act of 1934. The miscellaneous internal revenue taxes for 1936 are estimated to increase some \$143,000,000 over the collections for 1935. This increase is predicated on the assumption that the taxes terminating on June 30 and July 31, 1935, will be extended by the congress, and also that the tax rates which would be reduced on June 30, 1935, will be continued. Otherwise there will be a reduction in the total estimate of miscellaneous internal-revenue taxes of \$378,000,000, thus bringing the total estimate down to \$1,308,000.000, excluding processing taxes. Customs are estimated to yield \$298.000,000 for 1936, representing a small increase of \$11,000,000 over 1935. Miscellaneous revenues and other receipts are estimated to produce \$250,000,000, a gain of about \$23,000,000 over 1935.

While I do not consider it advisable at this time to propose any new or additional taxes for the fiscal year 1936, I do recommend that the congress take steps by suitable legislation to extend the miscellaneous internal revenue taxes which under existing law will expire next June or July, and also to maintain the current rates, of these taxes which under existing law will expire next June or July, and also to maintain the current rates, of these taxes which under existing law will expire next June or July, and also to maintain the current rates, of these taxes which under existing law will expire next June or July, and also to maintain the current rates, of these taxes which will be reduced next June. I consider that such taxes are necessary to the financing of the budget for 1936. CHANGES IN FORM
OF BUDGET.

Several important changes have been made in the form of the budget documents for 1936. The purpose of these changes has been twofold: (1) To improve the usefulness of the document from the citizens' standpoint, and (2) to provide more adequate treatment of the financial requirements of certain governmental units, such as the postoffice department and the District of Columbin.

The general budget summary, following this messag: is designed to present on one nage a comprehensive picture of the financial requirements of the government. It exhibits the anticipated receipts from all sources and the estimated expenditures for all purposes. It also shows the deficit and indicates the proposed means of financing this deficit. Since the figures presented in the summary are necessarily in agreement amounts, the defails of these amounts are shown in six supporting schedules. Both in the summary and in these schedules appropriate columns are critical to the budget figures for 1936 and provide

# FOUR BILLION FUND

Opposes New Taxes and Kills Hopes for Balanced Budget.

Continued From First Page.

lays of \$8,581,069,026 and income of \$3,711,650,688 for this. The resulting deficits were placed at \$4,528,502,970 and \$4,869,418,338. For the last full fiscal year the deficit was \$3,980,496,035.

National Debt Hiked.

Another result forecast by the president was an increase in the national debt from \$26,480,487,576 on June 30, 1934, to \$31,000,079,000 on the same date this year and \$34,239,000,000 on June 30, 1936. Borrowings this year were estimated at \$4,606,058,460 and next year at \$3,788,623,782.

In a supplemental statement to reporters Mr. Roosevelt suid no inflation was involved in such a budget and in the message itself, he asserted, no new or additional taxer would be required although he recommended an extension of several miscellaneous internal revenue caxes which otherwise would expire June 30.

But he warned congress that if is approves appropriations in excess of the estimates submitted it must provide the means of paying for them by an increase in the tax schedules, action always distasteful on Capitol

an increase in the tax schedules, ac always distasteful on Capitol

relief administration, to cover the re-

mainder of this year, and a \$4,000,000,000 allotment for next year.
"In the budget message of last year I said, speaking of the fiscal year 1936, that we should plan to have a definitely balanced budget for the third year of recovery and from that time on to seek a continued reduction of the national debt," Mr. Roosevelt

"Despite the substantial measure of

recovery achieved since that state ment was made, unemployment still is large. The states and local units now large. The states and local units now provide a smaller proportionate share of relief than a year ago, and the federal government is therefore called upon to continue to aid in this necesary work.
"For this reason it is evident that

"For this reason it is evident that we have not yet reached a point at which a complete balance of the budget for the fiscal year 1936 which balances except for expenditures to give work to the unemployed.

Expenditures To Be Covered.

"If this budget receives the approval of the congress, the country will

therefore, recommend the extension of the 3-cent rate.

If the estimates submitted in this budget are approved, and if the expenditures for which authorization is asked are made in full, the deficit including statutory debt retirements, will amount to \$4,528,000,000 for the fiscal year 1936. The national debt expected to decline as rapidly as priwill amount to \$4,528,000,000 for the fiscal year 1936. The national debt will be increased during this year by approximately \$3,152,000,000, thus bringing the total debt up to \$34,239,000,000. But this increase, as I have pointed out, will be due and the succession of the outlays for national defense, and it may be supervised to decline as rapidly as private ultimate outcome. The view was prosperity can be purchased in this expressed privately even by criticis that this is a Roosevelt congress and of the outlays for national defense, and it may be the supervised of the ultimate outcome. The view was prosperity can be purchased in this is a Roosevelt congress and of the outlays for national defense.

Of the outlay of the

over 1935 by \$180,000,000. This increase is due to the current policy of the congress and the executive to make up for the delay by the United States in meeting the provisions of the naval treaties of 1922 and 1930 and to provide replacement and improved equipment for the army.

"Veterans' pensions and other requirements have also been increased by about \$130,000,000 after adding to the 1935 figure the estimated supple-

by about \$130,000,000 after adding to the 1935 figure the estimated supple-mental amount previously mentioned, which is due to the application of new laws and revised rules pertain-ing to service-connected disabilities."

direct comparisons between estimated and actual figures for 1935 and and actual figures for 1935 and 1934.

The revenue estimates are emphasized in this budget for the first time. These estimates are set forth in statement No. 1 sufficient detail to show all the principal sources from which the go "rument gets its income. Accompanying this statement is a supporting text, which analyzes and gives the reasons for the 1936 estimates, and compares them with those for 1935 and with the actual collections for 1934.

Annexed budgets are set up for the major self-contained units of the government, namely, the postoffice department, the Reconstruction Finance Corporation, the Tennessee Valley Authority, and the District of Columbia. The use of such budgets permits the receipts and expenditures of each of these units to be clearly and completely presented in gross figures and these units to be clearly and completely presented in gooss figures and in balanced form as has not hither to been done. My following this method, the net figures for each unit, which may be either appropriation needs or surplus receipts, are calculated and then carried to the general budget summary. Thus the financial requirements of these units are definitely tied into the general budgetary plan. The annexed budgetary plan. The annexed budgets are therefore, not in any sense independence or multiple budgets, but simply integral parts of the government's general budget.

BETTER METHODS
OF FISCAL CONTROL.
In order to promote more satisfactory methods of budgetary control in the government. I promose this year to inaugurate the policy of having a summation of the budget prepared for publication immediately after the congress has acted on all financial matters. This summation will be ready on or before July 1, unless the congress is still in seasion. It will be presented along the lines of the seneral budget summary and supporting schedules, including statements Nos. 1 and 2, as shown in this budget. It will exhibit the revenue estimates, so revised by the treasury as to reflect any changes in the economic situation during the preceding six or seven months and also any revisions made by the congress in the tax laws. It will provide a complete summary of all appropriations and expenditures authorizations made by the congress and related estimates of expenditures. Lastingly, it will indicate the need for executive or administrative

WASHINGTON. Jan. 7.—(P)—
Federal spending at the rate of \$835,000,000 a month during the first six
months of 1935, resulting in a current
fiscal year deficit of \$4.869.418,385
and a gross debt peak of \$31.086,633,874, was forecast today by Secretary
Morgenthau in the treasury's annual
report to congress.

Culture adjustment taxes, are estimated
taxes, are estimated
temporary taxes expiring June 30 and
July 31, 1935, are extended." This represents an increase of \$277,000,000
over the estimated receipts in the present fiscal year, and of \$571,000,000
over the actual receipts in the fiscal
over the actual receipts in the fiscal

Morgenthau in the treasury's annual report to congress.

It estimated that expenditures for the year would be \$8,581,063,026, including \$4,644,613,852 for relief, offset by receipts of \$3,711,650,688.

The predicted deficit would be \$4,.

33,492,460 in excess of the actual deficit at the end of the last fiscal year on June 30, 1934.

The secretary foresaw a continuance of heavy operating losses due to emergency expenditures. He estimated that the treasury would go farther into debt during the fiscal year 1936, an increase of \$69,000,000 over the expected return for the present fiscal year pecked return for the

of heavy operating losses due to emergency expenditures. He estimated that the treasury would go farther into the determination of the situation resulting from appropriations appropriation of the government's financial position will of issued by July 1 at the latest, including revised revenue estimates.

"It will provide," said the chief executive, "a complete summary of all appropriations and expenditures appropriations and expenditures will appropriations and expenditure authorizations made by the congress and related estimates of expenditures."

S.5,000,000-000 for Relief.

To finance relief until the extensive new program of substituting public works jobs for the dole can be made effective and to keep the lattergoing until June 30, 1936 Mr. Ropes velt proposed an expenditure of a little more than \$5,000,000.000.

This is to consist of \$900,000,000 to the companied of the stimate of this year, and a \$4,000,000 is the relief administration, to cover the remainder of this year, and a \$4,000,000 is the relief to the proposed and a structure, it was not to be expected of this year, and a \$4,000, 000 for the nature of the federal tax since time and the public informed of the situation respected outling the fiscal year 1936 when expenditures of \$3,991,904,639, resulting in a deficit of \$3,991,904,639, resulting in

prove by \$137,000,000 over 1935, and amount to \$1.188,000,000. This, he said, would reflect the "further gains because of the moderatley higher incomes anticipated for the calendar years 1934 and 1935."

Morgenthau pointed out that in view of the nature of the federal tax structure, it was not to be expected that revenues would reflect promptly an anticipated improvement in business conditions.

Total receipts from customs duties and internal revenue, excluding agri-

## Congress Appears Reconciled To Unbalanced Budget in '36

WASHINGTON, Jan. 7.—(P)—
Congress tonight appeared reconciled to another unbalanced budget and ready to appropriate four billion more dollars for transferring the unemployed from dole to jobs.

Secretary and the recombers are it.

Senate and house members split, however, on the proposal of President Roosevelt's annual budget message to-day that the chief executive be given the money in a lumn sum with more the money in a lump sum wit to use the money where and how he might see fit.

A move arose to have congress pre-scribe the projects on which it might be spent which drew support from both parties.

"The expenditures for national defense have been increased for 1936 over 1935 by \$180,000,000. This increase is due to the current policy of

budget for the fiscal year 1936 which balances except for expenditures to give work to the unemployed. Other Items Covered. "If this budget receives the approval of the congress the country will henceforth have the assurance that, with the single exception of this item

with the single exception of this item every current expenditure of whatever nature will be fully covered by our estimates of current receipts."

The president was emphatic in asserting that his inability to make receipts cover expenditures next was the also urged that there are the control of the side of the control of ceipts cover expenditures next year was entirely due to the cost of caring for the jobless.

He challenged critical industrialists

to reduce or eliminate the heavy re-lief costs by a rapid absorption of the unemployed in private business enterprises.
"Such deficit as occurs will be due

solely to this cause," he said. it may be expected to decline idly as private industry is able employ those who now are without work." Senator Robinson, of Arkansas, the

Senator Robinson, of Arkansas, the democratic leader, expressed the opinion that the president's message revealed "a gratifying situation" and "involved many details which will have to be given careful study."

The minority leader, Senator McNary, of Oregon, regretted "the inability of the president to balance the budget." but "recognized the necessity of taking care of those who are unemployed and in distress."

In the house, Snell, the republican

measures in controlling the execu-tion of the budget during the fiscal year 1936.

A substantial reduction in the

A substantial reduction in the number of appropriation items would facilitate the exercise of budgetary control over expentitures and at the same time make for departmental economy. I. therefore, recommend that the congress establish a special joint committee to make a detailed study of the appropriation bill with a view to greatly reducing the number of them, consistent with proper budgetary and accounting requirements.

proper budgetary and accounting requirements.

It is my belief that substantial adherence to the general recommendations and total figures presented in this budget will accomplish three major objectives: '1) The normal functions of the United States government can be carried, obligation of the government to use all proper efforts to prevent destitution can be maintained under more practical methods than we are using at present, and (3) the excellent credit of rent, and (3) the excellent credit of the government will be maintained for the common good.

I believe that the congress will sustain these objectives.

FRANKLIN D. ROOSEVELT.

January 3, 1935.

- leader, contended himself with one

d sardonic sentence:
"It looks like we'll all have a lot of money by and by."
"As usual the president is not afraid to meet an issue," said Speaker Byrns, "and the issue this time is three and a half million people who will need jobs until they can be taken care of in private industry." "Can't Purchase Recovery."

pressed no fear of "a public debt peak of \$34,000,000,000 if we can thus conclusively buy prosperity," and then added:
"But, I continue to doubt whether

"I am opposed to lump sum appr priations which virtually transfer th tax power from congress to the ex-

ecutive."

Joining him in opposition to letting
the president spend the money as he
may see fit, were among others, Senato.s Adams, democrat, Colorado;
George, democrat, Georgia; Dickinson,
republican, Iowa, and Representatives
Taber. republican, New York; Dies,

Vac. Vac. democrat. Texas: Fish, republican, New York, and Fitzpatrick, democrat.

New York, and Fitspatrick, democrat, New York.

From the western progressives came assertions that four billions would prove insufficient. Some members of that group, notably Senator La Fol-lette, of Wisconsin, had urged work relief outlays running as high as ten billions.

said he, too, favored a larger outlay, He also urged that those on work re-lief be paid "the prevailing wage in private industry" of the same locality.

## Outstanding Facts In Budget Message

By The United Press.

The highlights of President Roosevelt's budget message to congress are as follows: 2. The total receipts will be around \$3,991,904,639 as compared

with \$3,711,650,688 during the 1935 fiscal year.

3. Recovery and relief expenditures will be an estimated \$4,582.

111,475 as compared with an estimated \$5,259,802,852 this fiscal

The net deficit will be \$3,892,-6. The national debt will increase from \$31,000,000,000 at the close of this fiscal year to \$34,239,-000,000. 7. No new taxes are requested

Congress is asked to continue the so-called nuisance taxes which expire soon and the 3-cent stamp rate. 8. A national defense appropriation of \$899,948,065—the greatest in the history of the country—is requested. requested.
9. A total of 137,134 federal

workers are to be dismissed.

10. The \$2,811,000,000 gold profit

\$704,600,000.

12. The accumulated New Deal deficit for three years on June 30, 1936, will total \$11,700,000,000.

13. While the trend of recovery and relief expenditures is downward, regular federal expenses will increase, this is due in part to a 5 per cent pay restoration for federal transfer \$255.

Defense Hints at 'Inside' Job in Questioning Wit-

Continued From First Page.

however, she had been under a nerv-ous strain induced by the expectation that soon she would have to tell her

story.

When Reilly pressed her about her testimony that she had found the slain baby's thumbguard near the house a month after the kidnaping on her way back from a trip to the gate, her eyes flashed.

"Did you drop it on your way down?" asked Reilly, suddenly.

"I did not," she retorted.

Miss Gow Positive.

O "Sure about that?" A, "Posi-

Miss Gow Positive.

Q. "Sure about that?" A. "Positive, that?"
Earlier, she acknowledged that she "probably" had told Johnson, her suitor, now in Norway, that Mrs. Lindbergh had decided not to bring the baby back from Hopewell to the Dwight Morrow estate at Englewood the day preceding the kidnaping—Monday, February 29.

It had been the Lindberghs" habit to remain at the Hopewell house only over the week-ends.

to remain at the Hopewell house only over the week-ends.
Q. "Did you tell Red Johnson?"
A. "I believe so."
Q. "Why did you tell Red Johnson that Mrs. Lindbergh and the baby were not returning?" A "I can't recall exactly telling him, but I probably would in conversation."
Q. "Well, he didn't work on the (Morrow) estate, did he?" A. "But I saw him that night, that evening."
Q. "You saw him Monday evening?" A. "Yes."
Q. "Where did you go with him?"
A. "I just don't recall; riding, I believe."

Two other state troopers testified at the afternoon session Joseph Wolfe and Lewis J. Bornmann. They went to the Lindbergh home the night of the kidnaping.

Bornmann testified he found indentations in the soft ground where, the state contends, the kidnaper rested the ends of the ladder uprights, and also found the imprivts of a man's shoe.

also found the imprives of a man's, shoe.

Judge Arrives Early.

Justice Thomas W. Trenchard, the kindly, paiernal jurist who is presiding, kept up his practice of arriving in court well before any of the other trial figures. He came into court 25 minutes before convening time and, followed by his negro chauffeur, went directly to his chambers, where he was closeted for a time with Sheriff John H. Curtiss.

The courtroom filled up rapidly.

The map of the Sourland mountain area and the Lindbergh estate and the floor plans of the Lindbergh Hopewell home were tacked again on the rack behind the witness chair by Hunterdon County Detective William O. Rittenbouse.

As he was at work the jury, surrounded by its cordon of special guards, filed in and took seats in the jury box.

The state's legal battery arrived a

before March 1, 1932, did you?"
She replied in the negative.
When Reilly objected to Wilentz's
question, "When did Senator Morrow die?" Wilentz took a fling at
the defense hints concerning dead persons in the case.

A. No, to Mrs. Linusergus batu-room.
Q. Who occupied the bedroom di-rectly opposite that (nursery) room?
A. I did.
Q. You left the 'aby in complete darkness and at no time you heard anyone enter that room, fall over the chair, or fall over the screen?

# Testimony of Scotswoman

By KATHLEEN NORRIS.

(Copyright, 1985, for The Constitution and North American Newspaper Alliance, Inc.)

FLEMINGTON, N. J., Jan. 7.—
The Hauptmann trial gathers momentum like a rock loosened far up on a steep hillside. Rolling slowly at first, moving along expected lines, it seemed to take its first great spring forward on its fourth day, and we who are watching it felt battered and jaded and weary when at last the kindly old judge declared us adjourned.

And yet nothing that sounded sensational was on the program. There was but one important witness, All the little lost thumb-guard.

"I am!" she retorted with spirit when Mr. Reilly said, "You're a very bright girl, aren't you?"

Tells Touching Tale.

But as the hard two and a half hours wore away, she drooped. Her face grew tired and shiny, her shoulders sagged a little; she looked as she is 50 years old. The fine dark eyes moved quickly flashed with as much feeling, but there were shadows around them when the morning's work was over.

She better the little lost thumb-guard.

"I am!" she rectorted with spirit when Mr. Reilly said, "You're a very bright girl, aren't you?"

Tells Touching Tale.

Agency:
A. No.
Reilly showed her several pictures, asked if she knew who they were, and filed them as exhibits.
"Now, I show you a photograph and ask you whether or not you know the original," said Reilly, giving her a photo that was not further identified.

A. Dr. John F. Condon.
Reilly asked then if she had ever been at City Island, or Hunters Island, or the waters adjacent.
"No." was the reply in both cases.
Reilly then turned to details within the nursery, from which the baby was abducted.
He asked if there had been a table in the center of the room. came her, she was a good witness for the state.

But when Edward J. Reilly, Haupt-mann's head counsel, took her on for cross-examination, there was a change.

Mr. Reilly showed indications of truc-ulence early in his cross-examination, and Betty Gow didn't like it. I had suspected she was proud; she showed now that she could be actually haughty.

store, can't you.

A. I believe you could.
Reilly electrified the court when he picked up the thumbguard and asked Betty Gow:
"Did you drop this on the road on your way into town?"
She replied heatedly, her small chin thrust forward belligerently, "I did not."
"You're a very young lady, aren'tyou?" Reilly demanded.

Examinatios Continued.
The afternoon session began promptly at 1:45 p. m. with Betty Gow returning to the wilness stand to face continued cross examination by Reilly.
"Hog long were you in Canada?"
"About three hours."
Reilly dropped that angle and asked:

"Do you remember Miss Nellie O'Connell, who came over on the boat with you?"

"No."

"The court was not the program. There attout was on the program. There was but one important witness. A stellod us little we didn't know—tree. But even though I knew the facts, I hadn't sensed them. How all know—what we all know—what he power almost three hours and Justice Trenchard repeated his warnings against demonstrations.

Reilly turned to look at the clock as the judge threatened to clear the room in the event of further disturbance.

Examinatios Continued.

The afternoon session began promptly at 1:45 p. m. with Betty Gow returning to the wilness stand to face continued cross examination by Reilly.
"Hog long were you in Canada?"
"About three hours."

Betty Gow impresses he mas a highly sensitive proud. dignified young woman, and on the stand she was often been described as "pretty" that it was a surprise to be sure that his small chest was roubed to some the root he tragedy and the proposed had presently

woman, and on the stand she was obviously nervous, obviously suffer ling. She has so often been described as "pretty" that it was a surprise to find her not pretty at all; her face is handsome, rather, with big eyes that are somewhat prominent a wide good mouth, well-modeled cheek bones, a clear skin.

Good State Witness.

She was absolutely colorless as she started her ordeal. That it was a most distressing ordeal nobody who saw her could doubt. Her long, rather thick throat throbbed, her mouth trembled more than once, and more than once she twisted her hands. Her voice is pleasant and low, and her accent that of London rather than Glasgow.

It seemed to me that as the attorney-general, in his always considerate and quiet fashion—for Mr. Wilentz has polished manners—began his questioning, she braced herself quite consciously. The horror of being made to remember was beginning now; she had long known that it must so begin, and she was determined to go through with it with her chin up and her courage high. She answered questions simply, straightforwardly. Except for occasional inaudibility, when emotion oversame her, she was a good witness for the state.

But when Edward J. Reilly, Hauptman's head counsel, took her on for constant and come and plankets held down by big and his blankets held down by big and his b

Reilly protested vigorously, but Justice Trenchard settled the matter with:

"I think I will allow the question"
Miss Gow said the late United States senator died in October, 1933; Wilentz mentioned Betty's friend, "Red" Johnson.

Q. You were quite fond of him?
A. Yes.
Q. You had no agreements with the Lindberghs not to go out with young men.
A. No.
Q. He was a very nice young man. Her voice was wistful when she answered, "He was."

With that, Wilentz closed the young nurse's appearance on the stand.
"Miss Gow, we are very much obliged. We wish that you will stay until the end of the trial."

Miss Gow left the stand and tripped back to her place.
State Trooper Joseph Wolf was then called and sworn. He told Wilentz the story of the kidnap night.
Wolf testified that he was on patrol duty when he was ordered to the Lindbergh home.
Saw Trooper Arrive.
Q. Did you see Trooper Kelly arrive?
A. Yes.

A. Yes.
Q. What did he do?
A. He went up to the nursery and put on gloves. Then he placed the ransom note on the table in the can-

ransom note on the table in the center of the room.
Q. Did he examine it for fingers prints?
A. Right.
Q. And did he find any.
A. No.
"On looking at the crib, I noticed the blankets at the upper head of the bed were still pinned to the mattress or lower sheets," the trooper said.

was her deduction that whoever took the baby stepped around the edge of the screen.

"It is," she replied.

Reilly then devoted himself to the doors of the nursery. One of the two doors near the foot of the cribled to a closet, the second to the bathroom, and the third to the hall.

He asked the width of the crib, and she answered, "About two-and-ahalf feet wide."

The defense counsel pointed to a door at the foot of the baby's bed.
Q. Where does that lead to?"

To Baby's Bathroom.

said.

He then went outside, he said, and "under the southeast window I noticed two indentations in the mud."

Wilentz asked if they might have been the indentations of a ladder, and the trooper answered yes.

Then he asked about the footprints beneath the window.

Size of Shoes.

What size shoes do you wear?

A. Size 9.

Wilentz asked how the size of the prints compared with his own feet.

"As large, if not larger."

He described the finding of the lad-

What size shoes do you wear?

A. Size 9.

Wilentz asked how the size of the prints compared with his own feet.

"As large, if not larger."

He described the finding of the ladder about 60 or 70 feet in a southeasterly direction from the corner of the house.

Wilentz explained that he expected to recall several witnesses to present

to recall several witnesses to present his case in logical sequence and invit-ed cross-examination.

Reilly launched immediately into the footprint theory described by pre-

vious witnesses.
Q. Did you preserve the footprints?
A. No.
Footprints "Missing." Q. You didn't even take their measurements or make plaster casts of them?

A. No.
Q. Did you see anyone else measure or photograph them?
A. No.
Q. Are pictures or casts in existence?

A. Not to my knowledge.
Q. Did you tell your superior about the footprints?
A. I mentioned it.
Q. How many footprints were

Is Trial's Poignant Highlight

the state.

He asked if there had been a table in the center of the room.

"Yes," she answered.

Toys on Floor.

"And were there a kiddy car and some toys on the floor?"

A. Yes, sometimes.

Reilly asked her about the draught screen around the crib.

Q. The acreen was at the head of the bed.

A. At the head of the bed, yes.

He next inquired whether the acreen was undisturbed when she discovered the kidnaping.

"To all appearances it was, yes."

Reilly then wanted to know if it

# IN DEFENSE FUNDS

F. D. R. Asks Congress To Appropriate \$792,-484,265 for Army, Navy.

WASHINGTON, Jan. 7.—(P)—In America's greatest peace-time national defense budget, President Roosevelt today asked congress to appropriate \$792,484,265 for the army and the navy in the next financial year.

With this cash, Mr. Roosevelt projected in his budget message to concern a pew warships, new planes and a better equipped army and navy.

The budget called for an increase of \$180,000,000 over the current year's \$612,785,755 of o outlars by June 30, and represented more than \$300,000,000 increase over the amount actually expended on national defense in 1934.

The president explained his request in these words:

The president explained his request in these words:

"This increase is due to the current policy of congress and the executive to make up for the delay by the United States in meeting the provisions of the naval treaties of 1922 and 1930, and to provide replacement and improved equipment for the and improved equipment for the

Submarine Funds.

Of the \$489.871.347 granted the navy for the fiscal year 1936, an increase of \$164.695.096 over the current year—\$179,500,000 is earmarked for construction of 24 new destroyers and submarines to be laid down in 1936 at a cost of \$32,000,000 and to continuing work on warships already under way at a cost of \$108,000,000.

These increases will lift the navy to the total tonnage strength permitted under the Washington treaty. It now is 78 vessels under the number authorized.

Providing airplanes for the new ships under construction will cost \$12,500,000 and an additional \$14,000,000 was necessary for replacewent of planes now in commission.

Channel and harbor improvement at the navy's Pacific base at Pearl Harbor, Hawaii, was estimated to cost approximately \$3,000,000.

Man-Power Increase.

The budget also provided funds to washed in Cobrokee county on a war-

Arrested as Burglar.

Harbor, Hawaii, was estimated to cost approximately \$3,000,000.

Man-Power Increase.

The budget also provided funds to permit an increase in enlisted manpower for the new ships to total 93,500 at the end of 1936, and an increase in officers by having each member of congress appoint four instead of three men to the naval academy at Annapolis.

Recommendations for the war department came to \$315,259,600, an increase of \$46,000,000 over the current year, with the greatest gain earmarked for enlargement and improvement of the air corps.

This branch was granted \$48,383,400, an increase of \$19,011,910. There was included provision for \$22,138,000 for plane purchases, almost double the amount in the current budget.

Increase in Planes.

The budget estimated this sum would but 547 planes, giving the air of the size of

was included provision for \$22,135, 000 for plane purchases, almost double the amount in the current budget.

Increase in Planes.

The budget estimated this sum would buy 547 planes, giving the air corps a 'total of 1.477 serviceable planes at the end of 1936. The war department, because of high plane prices revealed in recent contracts, estimated it would buy only 469 new planes, leaving the total 1,263.

Other recommendations would permit all pilots to fly 300 hours yearly instead of 250; arm all planes with 330 and .50-caliber machine guns and equip all planes with radio.

Among funds recommended was \$1,000,000 for purchase of trucks. The budget recommended completion of mechanization of the first cavalry at Fort Knox, Ky.

The national guard would be granted his previous command that there shall be no visiting in the cell blocks. His order excludes everyone except newspaper reporters and those having official business with the prisoners.

Soft Jail Bars.

The chief waxed indignant about the new jail, bullt with federal money recently. The hars, supposedly of very hard steel, can be dented with a putty knife or any redinarg cutting instrument, said the chief. It was not difficult for Jones to saw and thought the two bars and twist them back to open a hole large enough for him to slip through.

Conflicting Claims

WASHINGTON, Jan. 7.—(P)—In two hours and a half of arm swinging and head tossing, Huey Long told the senate today that many of the Roosevelt policies had failed and added that he was the unrecognized and persecuted head of the democratic party in Louisiana.

In a shouted review of, what he had done in Louisiana, the kingfish asserted he did not want recognition from the Roosevelt administration if he had to indorse its policy to obtain federal patronage.

The Louisiana senator spoke before crowded galleries, interrupted occasionally by applause. The floor was well filled and dozens of house members stood around the walls to listen. High up among the things he said about administration activities and tendencies of which he did not approve were:

"The rich are becoming richer and "The rich are becoming richer and "Sneel to such hook and the timps of hell, then I must received district, "if recognition must come through a league with the imps of hell, then I must receive that he would do without patronage that he would do without patronage that the would do without patronage that I have done have to be bent down to Jim Farley, then I don't want their patrolage.

"I am the head of the democratic party in Louisiana. The voters have their patrolage. "I am the head of the democratic party in Louisiana. The voters have their patronage.

"But," he continued a moment later, after another reference to what he said was the connection between the present patronage directors in Louisiana and the real estate concern which handled rentals in the one-time restricted district. "if recognition must come through a league with the imps of hell, then I must receive the present patronage directors. The Louisiana of the democratic party in Louisiana. The voters have their patronage.

"But," he continued a moment later, after another reference to what he said was the connection between the present patronage directors in Louisiana and the real estate concern which handled rentals in the one-time restricted district. "if recognition must

pitch as he swept through an outline of some of the laws the Louisiana legislature enacted under his dictator-ship and recited his complaints against the administration.

He referred to the recent letter sent to Louisiana informing state officials that public works funds were to be held up pending an inquiry into some of the newly enacted state

laws.
"They said there was some dictafor down there in the bullrushes who
was supposed to get the letter," he said.
"Time was when they communi-

cated with me direct. When they wanted campaign money, they didn't hesitate to talk with me direct. I know of no reason why they should not now. We have the same forms leans he termed open to criticism.

And then, almost as an after-thought. Long added:

"If all of the burning of midnight oil that I have done to gain the little bit of learning that I have obtained.

"It all of the burning of midnight oil that I have obtained."

"Now, after their investigation, they find that some of the laws are not so bad."

JACKSONVILLE, Fla., Jan. 7.—(P)—With S3 members of the crew still aboard, the Ward liner Havana rocked in the swells of a coral rectonight while a salvage master surveyed the situation to see what could be done to free the vessel.

Meanwhile, safely landed in Miami and Havana, Cuba, passengers and many members of the crew, who took to lifeboats yesterday when it was feared the ship might break up in heavy seas, proceeded to their destinations.

#### TOREADORS WIN BATTLE ON SHIP WITH FREED BULLS

PORT-OF-SPAIN. Trinidad. Jan. 7.—(R)—A bullfight at sea, with dar-ing Spanish toreadors battling mad-lened animals on the deck of a stormdened animals on the deck of a stormswept ocean liner, was described today on the arrival of the HamburgAmerican vessel Cordillers from Peru.
Mountainous seas broke over the
liner's sides and smashed two bullpens in which a pair of crack fighting animals were being transported to
the rings of Maracaibo.

The bulls dashed about the slippery,
heaving deck of the liner, while served.

Here from Russton, La., where he
served as chamber of commerce sections of the south Arkansas Chamber of Commerce, and for many years
ways and road improvement.

He was also affiliated with the
Jonesboro Chamber of Commerce for
several years.

The bulls dashed about the slippery, heaving deck of the liner while seamen tried vainly to catch them. Four more bulls stamped in their pens, threatening momentarily to escape.

There were two toreadors on board. One. Senor Rafael Ortego, known to bullfight fans as "El Cuco," (the cunning), stepped into the pifching "arena" armed only with a lasso. Ortego moved slowly and warily over the wave-washed planking, swinging the noose. A bull charged and he calmly sidestepped and threw his noose.

Senor Demetrio Gomez, another toreador, helped with the second animal. Both were tied up and dragged back into their pens.

## Mrs. Wood Honored At Dinner Party By Miss Ruth Blair

Mrs. James S. Wood, of Savannah, who is visiting Mrs. George M. Brown, was honor guest at the dinner party given Monday evening by Miss Ruth Blair at the Pershing Point apartments. Covers were placed for Mrs. Wood, Mrs. Brown, Mesdames E. Bates Block, Charles Haden, Samuel Nesbit Evins and Miss Sally Brown. Mrs. Wood, former D. A. R. regent in Savannah, returns to her home on Tuesday, having come to Atlanta for the exhibit of the art works of her grandson, Charles DuBose, at the High Museum of Art.

The exhibit, a collection of water-

Museum of Art.

The exhibit, a collection of watercolor paintings, went on exhibition
on Sunday afternoon at the museum
with a reception for members of the
Atlanta Art Association. It consists
of 37 pictures painted in Mexico,
the subject matter ranging from forceful mountain studies to landscapes patterned with bold colors or peopled by
picturesque natives, Mr. DuBose trained in architectural design and with an
appreciation for form and color, is
recognized as one of America's outstanding workers in his medium.

# One-Way Street BY JOSEPH McCORD

WHAT HAS GONE BEFORE.

When Jean Sawyer is 17, her father, "Daddy Jack," is sent to prison for six years for using funds of the Gorham bank where he was employed for further stock market margins. He had made money at first, using it to rear his family and educate his four children of whom Jean is the oldest and his favorite. She gets a job soliciting ads for the Gorham Times, studies art at night and her work attracts the attention of Emory Steyart, head of the dress department of The Iron Block, Gorham's big department store, owned by Spencer Cannon, the city's leading clitises. The day Edythe, Cannon's daughter, meets Mark Sturges, the new general manager, she has her father onder Stewart to dismiss "that Sawyer gift," as she refers to Jean. When Mark learns that Jean's father is the cause, and Stewart says Jean is doing good work as artist and designer, he persuades her to remain just as her father is the cause, and Stewart says Jean is doing good work as artist and designer, he persuades her to remain just as her father is the cause, and Stewart says Jean is doing good work as artist and designer, he persuades her to remain just as her father is the cause, and Stewart says Jean is doing good work as artist and designer, he asks Mark why he doesn't like her and says, "I am going to make you like me at little." When she invites him later to me at little." When she invites him later to me at little. When she invites him later to me has he she insist Susanne Ridgeway, an expert, will be glad to teach him. Mark proves an apt pupil. After several rubbers Susanne seats Mark on a settee beside her and proceeds to monopolize him for the rest of the evening, much to he hostess' unconcealed resens, much

supplementing them with first-hand observations."

"That's really too bad. You'll have to go. If Dad ham't spoken about it to you, he will. He expects you to represent him. It's rather weird the way he's depending on you these days. Suppose I pick you up for lunch about 1:30. That will give us all the time we need."

Mark set looking at her in silence. "Well?" she questioned, with an amused smile. "What are you so serious about?"

"I was just thinking," he answered slowly, "that you seem to get about everything you want."

"I told you that." was the calm the retort. "I'm glad you're finding it out. It saves a great deal of trouble."

"I suppose it must," Mark agreed vaguely.

"Oh, yes. Good and busy."

"Sit down here on the step and rest a minute. It's very 'pleasant out this evening.

"She hesitated under her father's questioning glance. "We'll sit out here," she decided. "It is too nice to go in."

"I'm growing accustomed to it," Sawyer remarked, picking up her thought. There was a ghost of his old twinkle and smile. "You know, Bunkie, these neighbors of ours are rather nice... now that they've finished looking at me. Some of them are really friendly." There was an unconscious pathos in the last words.

"Of course they are!" Jean reached out impulsively and eaught his pear-

me."
"He is very nice."

## UNCLE RAY'S CORNER

I na sense, Yugoslavia is a new country. It is composed, in large part, of land taken away from Austria-Hungary after the close of the World War; but it includes Serbia and other land as well.

Yugoslavia is a kingdom, and not long ago we heard of the death of its ruler, King Alexander. He was shot by an assassin, during a visit to France; and for a time there was fear that the event might lead to war. Newspapers in Yugoslavia were loud in their cries against Italy and Hungary; for some citizens believed that "plotters" in those countries had brought about the shooting. The trouble was patched up by the League of Nations, and there is hope that ill feelings will pass.

Belgrade, the old capital of Serbia, is now the capital of the whole nation. The meaning of the name is given as "white castle," also as

CAPITALS OF EUROPE.

II—Belgrade, Yugoslavia.
On the eastern abore of the Adriatic sea, across from Italy, is Yugoslavia.
I na sense, Yugoslavia is a new country. It is composed, in large part, of land taken away from Austria-Hungary after the close of the World War; but it includes Serbia and other land as well.

Belgrade is the home of people of many races and religions. It has grown very swiftly during the past 14 years. A recent estimate places the population at close to a quarter of a million. Among the long-time residents are Turks who dwell by the river-side in plaster houses with reditile roofs.

The story of Belgrade goes back

river-side in plaster houses with redtile roofs.

The story of Belgrade goes back
1,700 years, to the time when a fort
was built near the place where the
Danube and the Sava rivers join.
Since that time, there have been so
many changes in "masters" of the city
that it almost makes us dizzy just
to read the list. Among those who
have held power at one time of another are Celts, Romans, Huns, Goths,
Franks. Bulgarians, Greeks, Hungarians, Turks, Austrians and Serbians.
During the World War, the Austrians and Germans captured Belgrade. It is now back in the hands
of the Serbians. Prince Peter, an
11-year-old boy, took the name of
king after the death of his father.

The people of Belgrade make their
living, largely by trading, weaving
cloth, working with iron, and making
boots, shoes, soap, glue and pottery.

## Candler-Chambers Wedding Cake Reveals Intriguing Signs

By Sally Forth.

ARE you superstitious? Do you believe in signs? If so, then mark these facts down in your little notebook for future reference and don't say we didn't warn you: Laura Troutman has a dime and will be rich all her life; Leon Brooks has a ring, which means only one thing; Maude Thompson has a heart, a very big one, that belongs to herself and which a certain young swain is claiming ownership; Louisa Robert has a bachelor button, but personally, we won't believe in that sign. Mrs. R. A. Edmondson Jr., the former Mary Candler, has a thimble, another sign to which we pin no faith (she can't be an old maid now!), and Dorothy Ewing and Lady Luck are inseparable, as Dot has a wishbone. A huge wedding cake revealed these secrets Saturday afternoon at the wedding reception at the

joined her friend, Miss Elinor Ryan, of Uplands, Washington, D. C., and her brother, J.

Mrs. Becker's mother, Mrs. William Higginbotham, and brother, Bruce, of the Biltmore apart-

Biltmore with which Mr. and Mrs. William Candler entertained following the marriage of their only daughter, Rena, to Bob Cham-

Rena, of course, following an age-old custom, was the first to cut her cake and was followed by her bridesmaids, who found the aforementioned articles. No, we haven't forgotten that the blonde Joyce Smith was a memher of the wedding party, but Joyce, for some reason which she would not reveal, would not cut the cake, so "no cut, no sign." Dot Ewing will be married first, if catching the gar-denia bouquet thrown by Rena is any significance of what the future will bring.

But the best laid schemes mice and men, as the saying goes, is quite apropos in the case of Rena and Bob and their departure from the Terminal Station for their wedding trip. Quite unaware that the entire wedding party knew that they stayed in Atlanta all of last Sunday, the young couple went to the Terminal Station in their calmest manner. (That is, if a young wedded pair can assume that air in one day of married

tion, they were met by the en-tire bridal party, laden with bag after bag of rice, and pair after pair of old shoes, which were showered on Rena and Bob. spite it all, they left for New Orleans, whence they sailed on a Caribbean cruise, and will return to Atlanta in two weeks for a visit before going to Augusta to

To Mrs. William T. Healey goes the palm for being the best-dressed woman at a recent social affair, being attired in a black crepe gown which depend-ed for embellishment upon a rhinestone collar with rhinestone cuffs ornamenting exceedingly short sleeves.

A flat bow of rhinestones was plastered upon the front of the bodice, and with this stunning costume she wore a corsage of gardenias just beneath the bow, which found a striking background in the midnight blackness of the gown. A wide-brimmed tipped slightly over gray-blue eyes, revealed the back of her exquisitely groomed gray-

UP IN Washington, amid the hustle and bustle of national and international political and social affairs, there are three more names to be added to the already long list of Atlantans in residence there. Mr. and Mrs. C. H. Becker and their daughter, Doris (the former being known intimates as "Jimmie," why we have never been able to figure out), are at the fashionable Mayflower hotel for some time before moving into an apartment. This trio of popular Atlantans have taken up their residence in the capital and, of course, it is our loss that business affairs have caused "Jimmie" and his lovely wife, Dor's Higginbotham Becker, and Doris (as their daughter is called) to move to the national capital.

We haven't seen much of the Beckers lately, as they spent last

### SHE FEARS IT NO LONGER

suffering makes them desperate, but there is really nothing to fear in taking Midol! It's not a narcotic; it has no illeffect; but relieves periodic pain, in a way to earn any woman's gratitude. Midol is a special medicine, for this particular

purpose, and any specialist can tell you how effective, and how safe, it is.

The woman who once tries Midol is all over her fear of regular pain.

These tablets either bring complete decided on the same of the comfort, or give such decided relief that the period is no longer dreaded. Try Midol! You'll see it on the druggist's counter — or just ask for Midol. Why not get it today?

Try it ( free! definitely relieves periodic pain, and you may have some free, to prove it. Just send this coupon to MIDOL, 170 Varick St., New, York.

Strengthened By Cardui

A weakened condition, with pains in her side and back, was overcome by Mrs. J. S. Andrews, of Ramer.

Als., who says: "My husband kept after me to try Cardui. I continued and taken twelve after me to try Cardui. I continued and style number. Be sure to state the school auditorium.

Formping about! Her frock is of gay plaid gingham—but any attractive cotton fabric would look just as pretty in this cunning design!

Pattern 2037 is available in sizes 2.4, 6, 8 and 10. Size 6 takes 2.1-2 yards 36-inch fabric and 1-4 yard contrasting. Illustrated step by-step sew ing instructions included.

Send 15 cents for this Lillian Mar pattern. Write plainly lame, address at 7:30 o'clock, in the Kirkwood and style number. Be sure to state the school auditorium.

after me to try Cardui. I continued to take it until I had taken twelve hottles. I feel now that I am a well woman."

WOMEN! Build up with the help of Cardui, for the monthly strain that nature has imposed. Many aches and pains go away as nourishment of the whole body is improved. . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.—(adv.)

A marriage of cordial interest throughout the state was that of Miss Otis Cain, of Atlanta and Cave Spring, to Bowden Findley, of Cave Spring, which was quietly solemnized Tuesday. Only the immediate family witnessed the ceremony, which was performed of Dr. Louie D. Newton in his study at the Druid Hills Baptist church.

Mr. and Mrs. Findley 'eft for points of interest in North Carolina and Tennessee.

Mr. and Mrs. C. C. O'Steen an-nounce the marriage of their daugh-ter. Miss Mary Claire O'Steen, to Alton Burdette, which took place December 2 in Heflin, Ala.

Meeting Postponed. The meeting of the Auxiliary to the Atlanta Goodwill Industries planned for Wednesday, January 9, has been postponed until Wednesday, February 6, at 10:30 a.m.

Household Arts

The visit of Mrs. Anna Steese Richardson, of New York, to Atlanta will recall the pleasant impression she made upon Atlanta women when she attended the 1923 convention of General Federation of Women's Clubs, held here at the Atlanta Woman's Club when Mrs. B. M. Boykin was president of the hostess organization. In view of the fact that she has hosts of friends here, a dinner will be given in compliment to Mrs. Richardson on Wednesday evening at 7 o'clock, at the Atlanta Atlatic Club.

Mrs. Richardson, a member of the staff of the Woman's Home Companion, conducts a monthly page on "Citizenship,' a subject upon which she is well versed. She is an ardent clubwoman, is familiar with every subject pertaining to club activities, and has held important posts in General Federation of Women's Clubs, as well as in the New York state federation.

Among the prominent women invit-

Episode in an Adventure.

This is the first chapter of a story. True, the second chapter is not only unwritten, but as yet there is neverthere to write that within just whatever to write that within just whatever to write the within just whatever to write that within just will publish the second chapter is not occurrence I am about to describe thought will take place, and when it does will take place, and when it does will take place, and when it does in this column.

To introduce this story, let me as that in a system of bridge psychology the personal equation is just as important as the playing situation. In the content was an all the place of time and effort to codifying bridge psychology in both bidding an implay, and in my bodds may be called upon to some barried to

Answer:

There is no more delicate subject about which one grown person can tackle another than about the matter of table manners. It is an intensely personal subject, and it is seldom that anybody admits being guilty of offense against the code. "Take your spoon out of your cup," said a mother recently to her grown son. Although leaving his spoon in his cup is a confirmed habit with him, he replied fractiously. "Won't you give me time to stirmy tea?" "No." she answered, "put your spoon on your saucer until you are ready for it, that will be time enough to put it in your cup."

Ponce de Leon P.-T. A.

Ponce de Leon P.-T. A. meets Wednesday, January 9. at 2:30 p. m. Mrs. Charles Center, Georgia state president of P.-T. A. will speak on "Adult Education."

O'Steen—Burdette.

Mr. and Mrs. C. C. O'Steen and wounce the marriage of their daughter. Miss. Mary Claire O'Steen, to Alton Burdette, which is observed agreeable people who responded in this fashion to reprimands about their table manners. They resented the suggestions of their nearest and dearest that their methods of table etiquette were not impeccable. In stantly they put up a stiff-backed defense at the charges brought against them.

Now it would be a fine service for a casual friend to render to another for you to suggest to the young man in question that his noises and gyrations at the table are not in good form, But look out for the nat-ural come back. First he will offer excuses, make explanations and deural come back. First he will offer excuses, make explanations and defend himself generally. Second, he wiff be heartily resentful toward you. If you are willing to face these consequences, in the selfish hope of having a more acceptable tablemate, and in the unselfish desire to help an unfortunate and also to smooth and in the unselfish desire to help an unfortunate and also to smooth the way for his best girl, then go right ahead and luck to you. With consummate tact and kindliness you may accomplish some good, but any improvement must be slow for a habit formed in childhood, confirm-ed by practice three times a day is hard to break even when there is a will to break it.

What an injustice mothers and fa-thers do their children when they permit them to grow up without ob-serving the amenities that decent peo-ple observe! Any man or any woman is marked by table manners as having been reared in a home of refinement or in one without refinement. Young people not only discount themselves but they discount their parents when they cat like pigs; making ugly poises and behaving at the dinner table as if they were at the trough. Worse, when they are married and have children of their own they are likely to set the bad example that will be followed. CAROLINE CHATFIELD.

NEW FLORIDA TRAIN

PLACED IN SERVICE

A new Florida train, the Florida Arrow, has been inaugurated this season from Chicago, Cincinnati and Louisville to Jacksonville, via Cincinnati, Nashville and Montgomery. Southbound, it passes Montgomery at 11:55 a. m. on Tuesday, Thursday and Sundays. This new service alfords Atlantans a splendid connection at Montgomery for passengers icaving Atlanta at 6:10 a. m. for Troy and Dothan, Ala. This is the only morning service to these points.

## Mix Best Cough Remedy At Home. Easy! Big Saving!

Beats Them All For Quick,
Lasting Relief.

If you want the best remedy for severe coughs, mix it at home. Once tried, you'll never use any other kind, and it's so simple and easy.

First, make a syrup by stirring 2 caps granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed, Then get 2½ ounces of Pinex from any druggist. This is a highly concentrated compound of Norway Pine, famoney will be refunded. \_\_(a)

# Coach Alexander Revises Plans for Spring Football Work

Dixie Howell holds his breath when he runs with the ball Which explains that cramp which struck him at the conclusion of his 67-yard run for a touchdown against Stanford in the Rose Bowl game.
"I got the idea from the sprinters," said Howell, as

we talked coming back.

You know a sprinter in a 100-yard dash catches his breath at the start and doesn't let go until he breasts the tape.
"When I started with the ball I caught my breath

and pulled the old insides tight. I do that every time I run with the ball.

"I never took a breath until I was across the line. When I loosened up I was cramped so badly I could hardly walk. I don't know where anyone got the idea I fainted. I didn't even feel dizzy. I was just cramped. It eased up after a while and I was all right.'

HIS MOST DIFFICULT GAME.

Howell regards the Georgia Tech game of 1934 as his most

Interesting—and true. His next toughest game es all the way back to the St. Mary's game of 1932. The Stanford contest was just a breeze.

'We beat Tech by 40 points," said Howell, "but I want you to know that was my toughest game of the year. Those boys all but took my legs home with them as souvenirs. I never took such a beating as I did in that game-by hard play. The game was clean."

Howell's two biggest football thrills were the St. Mary's victory in 1932 when Alabama won, 6 to 0, and the Stanford game.

game of 1932. In that game he returned an intercepted pass for more than 80 yards to a touchdown. And the game was played on his birthday.

MEETING GEORGIA BOYS.

But Broncho Nagurski is the big show. He is making strides in the rassling game and may land up there on top some day.

Also he was one of the big stars of those Chicago

Bears, the greatest professional team in the game, when
they played last season.

He will rank with the greatest athletes who have visited here, will the Broncho lad.

### VANDERBILT'S COACHES.

Mr. Freddie Russell, a very astute young man on the Nashville Banner, is out with the predictions that:

Bernie Bierman is still considering the Tennessee job and may take it; that he is interested in it because he is getting only \$5,000 at Minnesota, the legislature having reduced his pay to that figure from \$7,500 for which he signed; that Tennessee is offering \$10,000.

Mr. Russell allso peers into his crystal and says that Josh Cody is interested in the South Carolina job, recently vacated by Billy Laval; that Rus Cohen may go back to L. S. U. to take over the intramural work and that Rav Morrison is almost a

sure bet to sign at Vanderbilt—the signing date being today. I do know that Morrison is the man Vanderbilt wants and that he wants to come to Vanderbilt. But he is having difficulty making up his mind. The material is not so much up there.

The Bierman angle, which sounds plausible, is the most interesting. I'd like to see Bernie back in our league. He moans

### SALES TALK.

That California sales talk is potent stuff. I was one of those who picked Alabama to win before the trip began and never weakened on the selection, putting the margin at about 10 points, but it was diffi-

They have sold so many real estate lots with their arguments that the boys can talk you dizzy in less than a half hour. They never realize football games aren't won with words.

It was necessary to get off in a corner now and then and tell one's self that the game was just what it had been all along. That Alabama was going to win.

People go to California determined to resist all that enthustastic hombast which sees in the coast productions a superiority which doesn't actually exist. But the boys beat them down

with sheer weight of words and windage. As a matter of fact, now that the game is done, the fact is most patent that Stanford was poorly coached and that coast football, which was in the super-stage a few years ago, is now on the down grade.

Stanford was well coached as to a power game. That is to some say it knew how to gain by pounding with the ball. But Stanford never had a play which shook Grayson loose—and he a ling plus some capable reserves. Commercial's chances to remain in the top

Continued on Second Sports Page,

**CONTRACT SOON** FOR NEW GYM

Work To Start January 15 for Intra-Mural Program.

Contracts for Georgia Tech's new symnasium will be let January 15, it was learned yesterday.

This means probably the finest symnasium in the south for Tech, with a seating capacity of 2,200.

A swimming pool will also be constructed and with the completion of these athletic assets Georgia Tech will begin the most comprehensive intramural system of athletics the south has seen.

has seen.

Tech led the way with lacrosse, swimming and fencing teams. These will be augmented by others. The construction of the armory, already completed, with its basketball floor, will smalle the school to carry on class

pleted, with its basketball floor, will enable the school to carry on class basketball leagues.

"We plan to have the gymnasium arranged so that we can move in a portable stage and put chairs on the floor and seat 3,500 at any auditorium production the school might want to produce," said Coach Alexander.

Basketball at Georgia Tech has suffered for some years because of a

for it this spring and put it in effect next fall when the new building will be completed.

In the main match, which will be a 90-minute affair, Honey Boy Hackney will meet 'Tarzan' Ben Jordan, outstanding Atlanta wrestler The fans are anxious to see these in action again. Their last meeting ended in a draw after an exciting battle.

The main match, which will be a tions in his starting lineup to face the New York Celtics tomorrow night at the auditorium.

Mundorff will use Johnny Hyder, a sophomore, at center, Billy Glenn and Gilbert Stacey at the guards and draw after an exciting battle.

The semi-final match brings togeth or Black Jack Ross, who has disposed of all opponents be has met here, including the referee, and Dobio Osborn. 216-pound Texas boy, who specializes in the Texas mule kick Osborn has competed in more than 1,500 matches over a period of 12 years and has gained wenderful recognition on the west coast.

years and has gained wenderful recognition on the west coast.

The other main match on the program brings together Jim Hesslyn Australian champion, who has wrestled in the big show for a number of years, and Nick Condos, 220-pound Greek wrestler. The latter was a star halfback on the New York University football team. He is a star wrestler and is anxious to beat Hesslyn in straight falls. Each wrestler on this card has posted a substantial purse for his appearance.

scored their rivals, 35 to 29. Practice will be held at 3 o'clock this afternoon at the new Tech armory. Tickets for the Celtics-Jackets encounter are on sale at Milo's Tennis the game Wednesday night opens Tech's 1935 basketball schedule.

Gus Mancuso Signs His Giant Contract

# Commercial Awards

21 Players Sweaters

Twenty-one sweaters to members of the Commercial High football team and two to student managers were awarded by Coaches Godwin and McGaughey at a meeting of the squad.

Those receiving the player awards were Marlin and Marvin Loyd, W. Bryan, Russell Dodson. C. Sellers, R. Corley. H. Simons. H. Brenner, B. Reynolds, P. Giles, C. Wallace, J. Paschal, L. Banks, B. Bender, G. Jones, R. Jones, E. Ludwig, J. Quigley, B. Bailey, H. and S. Davis, Parker and Scott were given manager's sweaters.

er and Scott were given manager's sweaters.

Prospects for another gerat season are brightest in the history of the school. Only Dodson, the All-N. G. I. C. quarterback, is likely to be lost by graduation. He has another year of prep football left, should he care to remain in school.

Commercial shared the North Georgia Interscholastic Conference crown with Marist and Decatur, and also defeated G. M. A. and Monroe in two of the higgest upsets of the 1934 season.

NAP RUCKER.

# Basketball at Georgia Tech has suffered for some years because of a lack of facilities on the campus. Training the team down town and playing games at the city auditorium detracted from student interest. Games on the campus will cause a new interest in basketball. The intramural program is one which Coach Alexander has planned for some time. He will work out plans for it this apping and put it in effect.

responded the lady.

A belated Christmas present in the form of sweaters and letters greeted members of the Tech High football squad as they returned to school Monday, following the annual Christmas believed mayor of Roswell next trial in other cities, notably St. Louis. The sage of Roswell, noted in baseball's records as one of the game's indicated they will have no part of greatest southpaws of all time, is to be elected mayor of Roswell next this year to be between the champion

The city auditorium will be a scene of plenty of neat warfare Friday night when Matchmakers Roby and Bettis stage their first show of the year.

In the main match, which will be a po-minute affair, Honey Boy Hackney the New York Celties tomorrow night at the auditorium.

Cards Again Favored To Take National Crown.

By Eddie Brietz.

NEW YORK, Jan. 7.—(P)—Those amazing Deans—Dizzy and Dafty—stand alone in the center of the stage as the National league prepares for perhaps its most interesting season.

Last year the irrepressible Dizzy, with young Daffy in the role of stooge, completely stole the baseball show from Babe Ruth, the erstwhile ranking color and glamor man.

They pitched the St. Louis Cardinals into a pennant and then into a world championship. They delivered more than the 45 victories they brazenly promised in the spring. In fact,

more than the 45 victories they brazenly promised in the spring. In fact, they collected 53, including four in the World Series.

Their spectacular performances on the field were comparable only to their antics off the diamond. They went on a strike. They tore up uniforms. They disregarded orders. They continually popped off, mostly about themselves. Withal, they wound up the season two of the most likeable, talented and colorful youngsters baseball has produced in many a day.

By Jack Troy.

"Atlanta calling Mr. Nap Rucker," the operator said to the lady on the other end of the wire in Roswell, Ga.

"Mr. Rucker is at council meeting and will not be back for two hours," responded the lady.

LEAGUE INTERESTING.

Can the miracle continue? This and several other questions are going to keep National league appetites from becoming jaded next summer.

The Deans, together with the night baseball experiment in Cincinnati and the prospects of a three-club cat-and-dog pennant fight, are expected to keep National league interest at a high pitch and give the circuit its best season since pre-depression days.

Powell Crosley Jr., Red owner, counts on moonlight baseball to lure stack into his park hundreds who now spend their afternoons at near-by race tracks.

would the party talk to anyone lse? No, cancel the call.

COCHRAN, Ga., Jan. 7.—The Middle Georgia College foothall team was given a banquet in the college dining hall during the past week-end.

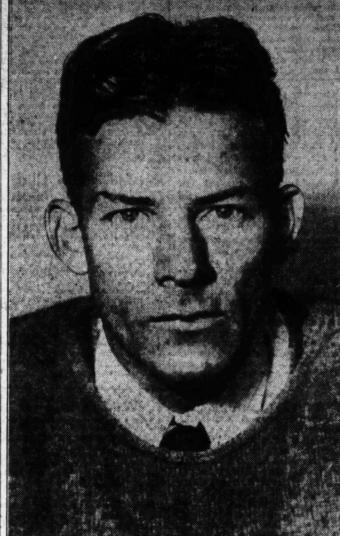

Among those present were President and Mrs. L. H. Browning, all members of the faculty, Mayor J. E. Cook, the Cochran city souncil, County Commissioner Ralph Pracock and Mrs. Peacock, Colonel H. McWhorter and members of the student body.

Coaches Jake Morris and Frank Trotter awarded sweaters to Zack Browning, Joe Hardwick, Dennis O'Brien, Herbert Surrency, Wade Chastain, Tom Malone, Wallis Hardeman, Arthur Offenburg, Captain Jimmy Carson. Wesley Watson, Frank Dickinson and Clell Goins.

Letters were awarded to Billy Vinson. Prank Lindsey, Loren Thomas, Roderick Wilkes.

Frank Dickinson, of Lagrange, Ga., and left halfback of the team, was elected captain for the 1935 team. COCHRAN, Ga., Jan. 7.—The Mid-dle Georgia College football team was given a banquet in the college dining hall during the past week-end.

## Fugitive From Mexico

work with in the spring, some of whom are expected to help the Jackets next fall.

Most of these are coming up from the freshman ranks, but one of the new men is Harry Appleby, former where he was coaching football at Parochial school, a. Cook's account of his adventures is to be found McGill's story on the next page.

Work with in the spring, some of whom are expected to help the Jackets next fall.

Most of these are coming up from the freshman ranks, but one of the new men is Harry Appleby, former Boys' High star, who was ineligible for varsity last fall and played on the scrubs. Mr. Alexander plans to make a quarterback out of Appleby.

The greatest plentitude of material is at the Tech ends, where Hoot Gibson, Boulware, Gil Stacer, Oscar Thompson and Morris Katz will be joined by Ed Jones, Rickett and Ralph Jordan from the Freshman squad. The last three youngsters did good work in the game with Georgin Freshmen.

"ACKLES PROBLEM. Buster Cook, former University of Georgia athlete, arrived in Atlanta yesterday after a thrilling escape from

"The Tide had perfect timing on all their plays, particularly their pass plays. These were completed with remarkable coolness and precision con-sidering that it was a Rose Bowl game and so much at stake."

## PRACTICE OPENS ON JANUARY 28 3 DAYS EARLIEF

Tech Coach Undecided on System: Edwards Slated for Safety Job.

By Jimmy Jones.

Coach William Alexander has de cided to start his spring football practice at Georgia Tech three days earlier this year, having decided to have his young men report for work on Monday, January 28, instead of February 1 as originally announced.

"There is no use waiting until Wednesday and we can get in more work prior to the baseball season and spring exams by starting early," Mr. Alexander stated.

Robert Lee Dodd, his backfield coach, has been in a huddle with Coach Alexander for several days, going over proposed changes in the Tech offensive set to be put into effect during the apring program.

CHANGED LAST YEAR

CHANGED LAST YEAR.

CHANGED LAST YEAR.

The Jacke's finished up the season with a single wing set last fall.

Coach Alexander having been forced to make a change to this in midseasor due to a siege of injuries.

Coach Alex does not know exactly just what aystem he will put in, but chances are he will retain the single wing with some new variations. Mr. Alexander likes to look over his material first before mapping out his system.

"Almost sny kind of system will go if the material fits it. I like to usa the best system for the players at hand, in other words, adjust the system to the material and not the material of a system just because you happen to like it."

NEW MEN COMING UP. And speaking of players, Mr. Alex-ander will have some new ones to work with in the spring, some of whom are expected to help the Jackets

TACKLES PROBLEM.

The Jackets' biggest problem lies at the tackles, where the old "wheel-horse." Clyde (Pee Wee) Williams, will be lost through graduation. Bob (Lefty) Eubanks, the big junior from Macon, who turned in a good performance against Georgia, will return for tackle duty, along with Lindsey Smith and Chance, all with some varsity experience. Roberts and Rooney will step up from the first-year ranks.

will step up from the first-year ranks.

John Wilcox, the Texan, is the only guard veteran returning, but "Mit" Fitzsimons and Fulton Brittain, who saw some experience last year, will be bolstered by Glendenning, Collins, Adams, Carmack and others from the freehrest.

Charley Preston, who did some Charley Preston, who did some outstanding work as a sophomore last fall, will be back for center, along with "Moochoo" Lyons, the Ball Ground boy. Nixon, a sophomore from Augusta, will be added to the center candidates.

THREE QUARTERBACKS.

"PONY" BACKFIELD.

The Tech coach, who will start his sixteenth season with the inauguration of the spring drills, is tinkering with an idea of creating a "pony" backfield, composed of little Jimmy Moore, at quarter; Edwards and Hackett, at halves, and Charley Johnson, another sophomore, at full, These boys all can "carry the mail" and they would be handy to toss in there when the opposition is tired.

Announcement of Tech's line coach to succeed Jack Cannon (resigned), is expected to be made just before the spring work starts. Mack Tharpe, freshman and Grey Devil coach, is expected to be elevated to the post.

dian Davis cup atar, won his match, defeating Bob Decker, of Miami, 6-4, 6-3.

winning, 6-3, 6-3, and Gardner Mul-loy, of Miami, defeated a high-rank-ing Washington (D. C.) player, Tony Lacona. 6-2, 6-8, 6-2.
Another seeded player, Arthur Hendrix, of Lakeland, Fla., former state champion, was also successful in the tournament's second day, de-feating George Pero, of Miami, 6-1, 6-0.

The lone foreign seeded player, Marcel Rainville, of Montreal, Cana-

## Dodd Believes

Bobby Dodd. Tech's popular young backfield coach, who has just returned from spending the holidays with his folks in Kingsport, Tenn., is of the opinion that Major Bob Nevland's position as head coach at Tennessee and that Barnhill, former Tennessee and that Barnhill, former Tennessee and that Barnhill, former Tennessee atar guard, will get the job of line coach, with Colonel Paul Parker, the affable aid to Major Neyland, remaining as athletic director.

"They hope to get Major Neyland back at Tennessee after two years in Panama and they want to retain his system, which Major Britton knows perfectly," Dodd stated.

Tennessee officials lave been unusually quiet about the matter but the odds are on Britton for the post.

NASHVILLE, Tenn., Jan. 7.
(R)—Coach Ray Morrison, of Southern Methodist University, conferred anew today with Vanderbilt University's athletic board, with the result that he asked "three or four days" more before deciding on the offer of the Vanderbilt head coachship.
"The status of the case is the same as before," asserted Myles O'Connor. a member of the board, after the conference. "We don't know whether Morrison

Mrs. Peggy Monroe was transferred Monday from Fulton tower to the state prison farm to begin a 19-to-20-year sentence for the slaying of Jack Cason in a downtown hotel in July, 1933, the supreme court having affirmed her conviction in which a manslaughter verdict was recurned.

Mrs. Ola Wallis filed suit in Fulton superior court Monday asking \$50,000 damages of Yancey Bros., Inc., for the death of her son, Wayne Wallis, who it is alleged was killed October 17 on the Gaineaville-Athens highway when his car collided with a trailer on one of the defendant's trucks.

Speakers' Club of the University System of Georgia Evening school will have its bimonthly meeting on the roof garden of the school at 6 o'clock Thursday night. Visitors are cordially invited to attend the meeting. Committee organization meeting will be held at 12:30 o'clock today by the Atlanta Kiwanis Club in its meeting at the Ansley hotel. Dr. William Shelton, past president, will be the principal speaker.

Rotarians changed their meeting to-day to Monday and held a luncheon honoring the seven district governors who were meeting in convention at the Biltmore hotel.

Rawson Collier, brother of Charles A. Collier of Atlanta and general commercial manager for the Southern Natural Gas Corporation in Birmingham, is seriously ill in a hospital there. His brother said the doctors reported no change Monday night.

Officers of the Model Railroading Club for 1935 will be elected at a meeting tto be held at 7:30 o'clock tonight in room 321 of the Ten North Forsyth Street building.

"My Impressions of Africa" will be the subject of an address to be given by Mrs. Mildred Seydell before the Civitan Club of Atlanta at 12:30 o'clock this afternoon in the Atlanta Athletic Club.

Ed Rivers, speaker of the Georgia house of representatives, will address the Atlanta Lions Club at its weekly luncheon meeting at 12:30 o'clock this afternoon in the Henry Grady hotel. He will speak on "50 Years of Tax Progress in Georgia." Musle for the program will be in charge of Gordon Moore.

City Requests FERA To Supply Men for Plainclothes Work.

FERA Monday afternoon was requested to supply 100 plain clothes policemen to enforce Atlanta traffic laws. The action was taken by the 1934 council at its last meeting on resolution offered by Councilman William G. Hastings, formerly chairman of the traffic committee of council,

Hastings asserted that the police men will become a reality and that operators of vehicles in Atlanta must observe the laws and stand the consequences if the measure is approved by Mayor James L. Key. He quoted W. O. Wheary, national

director of safety, FERA, as having approved the program because of the appalling loss of life and destruction of property here as a result of acci-

Miss Gay B. Shepperson, Georgia FERA administrator, also is in sym-thy with the proposal, Hastings as-

serted.

An insufficient number of policemen and the fact that they are in uniform has been assigned as the reason for failure of Atlantans to regard safety rules in driving their machines. If the proposed program is placed into effect, the men will be in plain clothes and a violator will not know who the and a violator will not know who the officer is until a case is being book-

officer is until a case is being bookedo against him.

The 1934 council also took the following actions on important matters:

1. Passed a resolution by Councilman Aubrey Milam, chairman of the 1935 finance committee, welcoming the forthcoming session of the legislature in Atlanta.

2. Elected C. W. Hester, of the eltizens & Southern National bank, as a member of council from the third ward to succeed Ed L. Almand, resigned.

Horace Sheppard, negro, was resentenced Monday by Judge G. H. Howard to die in the electric chair January 25, the supreme court having affirmed his conviction for the ice pick slaying of his wife, Annie Mae Sheppard.

Mrs. Peggy Monroe was transferred Monday from Fulson.

Mrs. Douglas Smith, of 1155 Wil-mington avenue, S. W., was treated at Grady hospital Monday for injuries received when her umbrella caught in the back of a truck at the corner of Whitehall and Brotherton streets and threw her to the ground. Tom Mc-Thomas, a negro living at 111 Hous-ton street, was the driver of the truck. Mrs. Smith received several lacera-tions about the head.

Betty Harrison Jones Chapter No.
1, Disabled American Veterans of the
World War, will hold a meeting at
7:30 o'clock tonight in the Pine room
of the Ansley hotel, Membership problems will be discussed and a report of
the rehabilitation department will be
given. All veterans injured in the
World War are cordially invited to at-Guy Hartley, 13, of 99 Vannoy street, was admitted to Grady hospital Monday night for observation of injuries about the head received when he was knocked down by an automobile driven by Brice Cooper, of 1714 Adolphus street, N. E. Cooper said that the boy was skating after dark and skated into his car, evidently trying to dodge another automobile.

Pilot Club of Atlanta will hold a business meeting at 6 o'clock tonight at the Ansley hotel. Miss Carey Sin-gleton, president of the club, will pre-

Rotarians changed their meeting today to Monday and held a luncheon
honoring the seven district governors
who were meeting in convention at
the Biltmore hotel.

Alderman John Scott, of the second
ward, Monday, was being congratulated by his colleagues. Scott is the
grandfather of John Scott Clower,
born December 20 to his daughter.

Tax Progress in Georgia." Music for

# FURTHER UPTURNS

Daily Bond Averages.

By G. A. PHILLIPS. NEW YORK, Jan. 7.-(P)-United States government issues rallied martly on the bond market today following the president's budget message and the steady tone of the cororate section was further strength-

CORPORATION BONDS.

ened in late transactions. Transfers aggregated \$15,543,000, par value, against \$13,660,000 on Friday, and the government turnover mounted to \$3,410,000 compared

with \$2,710,000. Most treasury bonds were hesitant and easy during forenoon trading but as soon as the budget proposals had been laid before congress there was been laid before congress there was a broadened demand for all types of securities despite the indicated deficit of more than \$4.500,000,000 in the next fiscal year and the threat of a further substantial increase in the national debt. Trensury 3.1-8s of '49 closed 1-4 of a point higher at 101.28 after sinking to 101.14 before noon and the 3s of '51 were 1-8 higher at 101.03 after yielding to 100.20. The indirect obligations and Liberties were proportionately improved.

The market for prime investment bonds was firm at all times during the day, several issues equalling or breaking through the 1934 highs, including Santa Fe adjustment 4s. up 1.14 at 104 1-2; American Telephone 5s. up 5-8 at 107 5-8, and Pennsylvania 4.1-2s. up 2-8 at 106 1-2.

Others selling higher included obligations of Midvale Steel and International Cement. The Associated Press average for 10 industrials gained .82 of a noint at 94.52, equalling the 1934-35 highs, and that for 20 railroads was .31 of a point higher at 87.56.

## Receivership Hearing For Realty Firm Set

Application for receivership of Massell Realty Company and 12 subsidiary companies was made in Fulton superior court Monday by petitioners who asked judgment for claims which attorneys said will total about \$200, 000. The petition further asks that certain transfers of property to the subsidiary concerns be set aside, alleging that the properties in actuality belong to Ben Massell or Massell o

which was set for January 19.
Petitioners named in the suit are
Mrs. Clara E. Hagan, of Atlanta; and
Pansy D. Chamberlin, Eva Chamberlin Biddle and E. P. Chamberlin, nonresidents of the state. Individual defendants named are Ben, Sam, Levi
and R. M. Massell, Mrs. Minnye Massell, Fanny Massell and Fulton National bank, as trustee of the Massell
living trust. Scottish Rite hospital intervened with a claim for \$8,000.

# 168 Years Old\_ and Buys Credit Insurance

One of our policyholders has been in business for 168 years. They know a lot about credits and slow collections and losses. And they also know they need "protection." So they buy Credit Insurance.

Another policyholder has been in business fifty years—and seventy-six more policyholders vary in length of time in business from 67 years - 83 years-96 years-to 109 years. But they are all wise. They have learned through experience the best things to do. So they protect their sales, year after year, with Credit Insurance. Guard your firm against excessive losses with

The MASTER LOAN SERVICE 211-12-13 HEALEY BLDG. Northeast.

SO SAYS MR. McCOLLUM How's Your Finances?

Well, to most of us that's a rather embarrassing question, so soon after the holidays, with bills rolling in, new clothes to buy and a lot of other things which take money and above all the question of trying to take care of everybody and keep the credit rating good. Well they say, every cloud has a silver lining and here it is. Why not consolidate, pay off these accounts and keep a good credit rating. Come up to see me. I have several plans, one of which is sure to suit you. Drop by 311 William-Oliver Bldg., or call me at the Seaboard Security Co., WA.

FOUR-HOUR SERVICE LOANS up to \$300 on Autonobiles, Household Goods or Endorsed Note. You'll save time and effort by using our convenient toan service when-ever the need arises. No red tape. Come in. Write. Phone WA \$350. PERSONAL FINANCE CO.

The boss joins me with a guffaw just for the heck of it.

"I wonder what they're arguin' about. It's odd, her comin' in here so early in the morning. Funny you can't hear him peckin' back at her. Mr. Liverwright's got a forceful personality, you know. And he don't let no one sit on him around here, neither. Oh, well, that's the way it goes. I presume—a boss in his office and a slave at home. Them high-handed portable eyeglass toters got the system down pat.

Just the same, if I was a man I wouldn't stand for such pannin', wouldn

"Explain yourself," "Why did you lead an ace?" etc., etc., ... without end.
What's the matter? Can't the average man take care of himself? It's bad enough having dictators in politics without lettin' 'em creep in the home. I tell you, Gladys, it's ruining domestic life to the nth degree. Just see how divorces are climbin' in this age. I'll wager that the average divorce is due to the fact that the average married woman can't keep quiet long enough for a man to get a word in with a hammer.

Seems to have died down in there Prob'ly the boss has brung her around to his way of thinking like he does to us. Oh. he's got the stuff to do it with. Mr. Liverwright has. He could sell you the shirt on your back, if you had one. The sincerity of the man is simply infected; it gets your I mean.

Hush! They're off again. Lawsy, hear 'em jabber. The boss got the floor at last . . . Say, let up on that pounding a minute, Gladys. I wanna get a-nearful. "Go ahead and get it," the boss ys. Get what I'd like to know— sten. "Well, that's up to you, try

This is gettin' interestin'. Gladys. This is gettin interestin, Gladys, Strange Mrs. Liverwright isn't yell-in' him down, isn't it? She was doing most of the squabblin' up to now. Gosh! The boss is sailin' into her again. "Phoos!" he says, "you wouldn't get to first base for alimony.

You haven't any grounds. Ocooh!
I see.
Now they're mufflin' their words.
(Kindo hold your asthma, Gladys).
Shucks, I can't hear a thing.

Shucks, I can't hear a thing.

Heavens! The boss let out a peculiar groan then. Could Mrs. Liverwright of stamped on his corn?

Goodness—a commotion. The y might be grappling with each other.

Yes, sir, they are. Notice that shuffle and the crack of furniture—ooh! What was that? Mrs. Liverwright slammed the boss door.

Yep! They were tusslin' all right. Get a load of the dishabille. You'd think she just come out of the wet wash.

She must be mad, too. Golly, she's blazin' like a house afire . . . Gladys. Hit those keys as if you was hust. Gladys. Hit those keys as if you was busy.

Well, now, if that isn't some manners! Such a dirty quiz she gave me. Wonder what I've done? Wonder what I've done?

Ah. I thought she was shootin her pop-eyes at me, Gladys. But she wasn't. Course, she had no reason to except if she was sore because

we overheard. we overheard.

Catch that pose. Gladys. The boss is standing in his office entrance wipin the sweat off of his forchead.

What a sorry picture! He acts beaten to a frazzle, nervous and queer.

stultifyin'! (Copyright, 1935, for The Constitution.)

Tomorrow: "Born That Way," by P. T. Waterman, deals with a pa-thetic clerk who was trying to live down a 15-year-old mistake. BEER LICENSES NET AUGUSTA NEAR \$5,000

AUGUSTA. Ga. Jan. 7.—(P)— Beer licenses netted the city of Au-usta nearly \$5,000 in 1934, a sum well below the amount anticipated, a report of Comptroller C. G. Pas-Chai disclosed.

No licenses have been sold to dealers since September, it was revealed.

City authorities said it was because

NEGRO HELD IN JAIL CHARGED WITH ATTACK

# 20TH YEAR OF SERVICE

Shorter College Admitted to Membership in Music Association.

ROME, Ga., Jan. 7.—Rev. H. Fields Saumenig observed his twentieth anni-versary as rector of St. Peter's Epis-copal church on Epiphany Sunday. He is the oldest minister in Rome in point of service and has an unusual record as a leader in civic and church affairs.

Rev. Saumenig has been active in affairs of the diocese, having served on important committees, including the standing committee, the executive board and the board of officers and corporations. He has served a number of years as examining chaplain and has several times represented the diocese in the general conventions of the church.

the church.

During the war he was chairman of Red Cross. He was president of the Rome Rotary Club and represented Rotary at the international convention in Edinburgh. He has served as commander of Rome Commandery, Knights Templar, and is now prelate. Recently he was honored with an office in the grand commandery of the state.

Taxpayers' League Meets Today in Macon

MACON, Ga., Jan. 7.—(A)—Reduction and limitation of ad valorem taxes will be the theme of real estate taxpayers representing Georgia's 150 counties meeting here tomorrow afternoon.
R. C. Mizell, of Atlanta, president of the Georgia Real Estate Taxpayers' Association, called the meeting at the request of R. C. Neely Jr., of Waynesboro.

Waynesboro.

A campaign for reduction of real estate taxes will be started and after Tuesday's meeting delegates will return home to organize local property owners who are expected to ask their

owners who are expected to ask their representatives in the Georgia legislature to support legislation aimed at reducing real estate taxes.

W. T. Anderson, publisher of the Macon Telegraph and News, will make the principal address and Kenmore Burns, also of Macon, will make the welcome address.

The state will be organized into zones for the lower taxation drive. Key cities are expected to be Macon, Atlanta, Albany, Savannah, Augusta, Waycross, LaGrange and Columbus.

DR. R. C. SWINT PLANS TO LOCATE IN ATLANTA MILLEDGEVILLE, Ga., Jan. 7.— (49)—Dr. R. O. Swint, superintendent of the state hospital here, said today he is undecided what he will do wheu he leaves the institution on January

oden, superintendent of the Grace-wood home for mental defectives.

Dr. Swint said he and Mrs. Swint probably will spend the remainder of the winter in Florida and then will ove to Atlanta. It is understood here that he is considering opening offices in Atlanta as a consulting psychiatrist. The state board of control at a recent meeting here elected Dr. Oden to replace Dr. Swint as superin tendent.

MACON PLANT REOPENS

WITH 125 EMPLOYES MACON, Ga., Jan. 7.—(P)—The Adams-Swirles Company plant, which has been closed since August 29, resumed partial operations here today with one shift of 125 men and women reporting for work.

The plant had been closed since a few days before the nation-wide tex-

The Macon Evening News quotes company officials as saying they ex-pect to start another shift if business conditions warrant it.

STORM WAVES DAMAGE SAVANNAH BEACH

SAVANNAH BEACH, Ga., Jan. 7. (P)—Storm waves have caused considerable damage to structures fronting on the Atlantic ocean there. Part of a on the Atlantic ocean here. Part of a pavilion was swept to sea and beach bulkheads were damaged.

Convict labor has been pressed into service to recover loose timbers as they are deposited on the beach by the waves.

WARM SPRINGS. Ga., Jan. 7.—
Rubinoff, famed violinist, captivated the patients of the Warm Springs the patients of the Warm Springs the patients of the Warm Springs the number of farmers using this method to cure the home meat supply.

All thoughts of infantile paralysis spoilage would accompany hog-killing the ware down south, spoil-

MAYOR AT ALPHARETTA ALPHARETTA. Ga., Jan. 7.—Glenn Frances today was elected mayor of Alpharetta. defeating the incumbent. J. T. Upshaw, in a hotly contested election. The vote was Frances 70 and Upshaw 39. Councilmen named included R. E. Phillips, Renel Burgess, H. B. Lowry and E. F. Jones.

### State Deaths And Funerals

en to a frazzle, nervous and queer.

It was that last dagger lunged at him over the shoulder, no doubt.

Jiggers! He's gawkin' toward us.
Hsss! He's coming back inside. I'll wager he's glad that's done with—
Wait a minute. Gladys. Mrs. Liverwright dropped Something in the aisle. I'll get it. It's a torn, crumpled photograph.

My gosh! It's a picture of me in the boss' arms! The schemin' greeneyed lizard. How in the world could she ever fake that, do you think, Gladys? It's simply (sniff, sniff)

stultifyin'!

(Convicient, 1835, for The Constitution.)

in Oneonta.

Mrs. Jackson came to Cedartown as Miss Bertha Addington in 1906 to organise and y head a home mission of the Methodist Episcopal church and she remained actively in this work until 1914. Great achievements have been accomplished here by this mission, the most notable result of which is the famous Ethel Harpst Home. Mrs. Jackson, affectionately known as Miss Bartha. had always remained an outstanding figure in community welfare work.

SPARTA. Ga.. Jan. 7.—William M. Wheeler. 18, prominent in church work in his
section and a former chairman of the Hancock county heard of education, died at his
home last night. He served at one time
as president of the Washington Baptist
Sunday School Association.
He is survived by his wife, four daughters and three sons.
Funeral services will be held at the
Powelton Baptist church tomorrow afternees.

GREENSBORO, Ga., Jan. 7.—The body of Mrs. W. M. E. Weaver, of Macon, was interred in the family plot in the city cometery here Sunday afternoon. Rev. Cyrus Johnson and Rev. J. A. Smith, of the Methodiat church, Macos, conducted the

SUMMERVILLE, Ga., Jan. 7.—(A)
Wilber Murry, 35-year-old negro, was held in the Chattooga county jail today charged with criminal assault upon a young white woman near her home at Berryton yesterday afternoon.

The young woman came to Summerville and swore out a warrant for the negro. Deputy Sheriff J. W. Alexander went to Berryton and brought the man to the county jail here.

Mathediat church, Macon, conducted the services.

MARIETTA, Ga., Jan. T.—Henry S. Manming, 78, retired merchant and planter, died the short of the source of the short of the survived by his wife, the former about a warrant for the southers. Charles W. Lawrence and R. F. Manning, all of Marieta and Marieta and the Marieta and the short of the southern conducted the services.

Officials of the Portland Cement association of the southeastern division, which met Monday at the Piedmont hotel. Seated (left to right) are: W. D. M. Allen, director of promotion; H. R. Albion, manager, southeastern region, and E. M. Fleming, director of the highways bureau. Standing (left to right) Frank T. Sheets, director of research; W. M. Kinney, general manager, and James Cleary, advertising agency official. Staff photo by George Cornett.

Opening the annual meeting of the field engineers of the southeastern division of the Portland Cement Association, W. M. Kinney, of Chicago, general manager of the association, Monday called attention to President Roosevelt's speech before congress in which he promised larger expenditure of construction funds near center and dellar roses to labor on the ich of construction funds near centers

Gathered at Piedmont hotel, the en states, will remain in session through-out Wednesday. Mr. Kinney declared the keynote of the meeting and the purpose of the association was "great-er service to officials and the public."

"While those who have the interest of the country at heart must observe with some concern the already large federal expenditures for unemploy-ment relief," Mr. Kinney said, "no one can fail to indorse most enthusihe leaves the institution of January 14.

Dr. Swint, who has been a member of the hospital staff for 24 years, is to be succeeded on Januar, 15 as thead of the institution by Dr. John Oden, superintendent of the Gracewood home for mental defectives.

Dr. Swint said he and Mrs. Swint while projects, located near those centers of population where greatest unemployment exists.

"More and wider highways, together while projects and wider highways, together the projects and worth-while projects.

penditures.

"Great though the progress has been in highways development in the southeast, there still remains many roads which, if improved, will show large Simp

Burglar Rifles Pants Of Bishop Candler LAGRANGE, Ga., Jan. 7.—(UP)
Bishop Warren A. Candler digressed from his prepared sermon
to denounce the prevalence of
crime at First Methodist church
here Sunday. A burglar who ransacked the home where the bishop
was a guest had rifled his pants.
The garment was found in another room of the home.

# Rubinoff Captivates

Rubinoff, who entertained the patients at Warm Springs Monday afternoon with an hour of violin music, arrived in Atlanta Monday morning and visited his cousins, Mr. and Mrs. Samuel Saparow, at 1485 Peachtree street. He left after the concert for

**WOMAN, 3 DAUGHTERS** 

INJURED IN ACCIDENT CAIRO, Gs., Jan. 7.—(P)—Mrs. N. R. Belcher, of Valdosta, and her three daughters were injured in an automobile crash near here last night. Mr. Belcher, who was driving, was not

Mr. Beicher, who was driving, was injured.

The mother and daughters were brought to a hospital here. Barbara Gene Belcher, aged 10, was injured critically. The others were less seriously hurt.

The automobile crashed into a concrete bridge rail.

GAMMAGE IS NAMED MACON COURT CLERK MACON, Ga., Jan. 7.—(P)—Judge Earl W. Butler, of Macon city court, announced the appointment of E. T. Gammage, local attorney, as clerk of

Gammage succeeds Charles H.
Smith, who has served af clerk for 23
years under six judges.
Judge Butler was appointed by Governor Eugene Talmadge on January 1
to succeed Judge Charles H. Hall,

in driving costs over unimproved roads.

"Road building has the additional advantage of providing a high percentage of labor per dollar expended. From 85 to 90 cents of the concrete road dollar goes to labor on the job and in the mills, quarries and etc."

Mr. Kinney said the Portland Cement Association has more than 300 cemployes, mostly engineers and tech. employes, mostly engineers and tech-nicians, engaged in the big Chicago laboratories and in field work, to find new uses and economies for concrete. Accompaning him from the Chicago

Accompaning him from the Chicago headquarters were several other department heads, including W. D. M. Allan, sales promotion manager; Frank T. Sheets, consulting engineer; E. M. Fleming, head of the municipalities and highways division, and J. M. Cleary, in charge of advertising. H. R. Albion, of Atlanta, southeastern manager, presided at the opening session Monday. All field engineers took an examination on design of concrete pavements, using the new methods of calculating stresses, developed by Mr. Sheets.

Southeastern field engineers, each representing the association's work in

Southeastern field engineers, each representing the association's work in their states, were on the afternoon program. F. R. Chapman Jr., of meast health fall in this category.

"Surveys made under the supervision of the national resources board have developed many worth-while projects fully meeting the president's ideas as to the main fields for future expenditures.

"Great though the progress has been in highways development in the southeast, there still remains many roads which, if improved, will show large."

Southeastern field engineers, each representing the association's work in their states, were on the afternoon program. F. R. Chapman Jr., of Mississippi, presided. Other engineers on the program include R. O. Edwards, of Florida; J. M. Marshall Jr., of Atlanta; W. G. Hudson, of Lousiana; R. Hairston Jr., of Atlanta; R. Hairston Jr., of Atlanta; Y. G. Dunn, of Tennessee, and W. R. Macatee, of Virginia. Engineers of the regional headquarters in Atlanta, who are on the program include C. S. Robinson, H. D.

Washing Nuae woman
WashingTon, Jan. 7.—(R)—
The treasury today barred from
American exhibition the Czechoslovakian film, "Ecstacy," in which
the heroine appeared in one scene in
the nude.

Secretary Morgenthau said he had
not seen the film himself but had
approved the recommendations of
his commissioner of customs and of
the chief counsel of the department.
Mrs. Morgenthau viewed the picture here.

ture here.

The film was impounded by the New York customs authorities after it had been denounced by the pope as well as Fritz Mandel, millionaire husband of the heroine whose screen name was Hedy Keisler.

## Russia Finds Lost

Russia Finds Lost

U. S. Diplomatic Data

MOSCOW, Jan. 7.—(UP)—Highly valuable diplomatic documents missing from the possession of the United
States since the bolshevik revolution of 1917 will be restored to the
United States embassy here tomorrow, the United Press learned authortravely tonight.

Fifty-two cases of records, boots
and pictures arrived from Leningrad,
where they were discovered and clasified by Consul Angusi Ward. The
property, including records of Rusian-American relations since the ambassachath) of John Quiney AdmiC. Wiley in large deffaires, actins
on behalf of the United States government.

It was expected the long-lost documents, found in dusty cupboards and
a stable of the former United States
embassy in Leningrad, may shed important light on historical episods,
such as the Russo-Japanese War, the
Alaaka purchase and the Russian
phase of the World War.

The president estimated that of the \$8,164,900,000 expended for recovery and relief from February 1, 1932, to November 30, 1934, \$1,337,300,000 had been spent for agricultural aid in the form of rental and benefit payments, drouth relief grants and employment. drouth relief grants and employment surplus purchases, drouth relief pur chases and direct relief to farmers.

## **New Concordat Looms** Beween Pope, France

VATICAN CITY, Jan. 7.—(P)—
Foreign Minister Pierre Laval, of
France, the first statesman from that
nation to visit the Vatican since the
founding of the 'third republic,
reached an agreement with Pope Pius
todal which prelates said may reunite the state and the church.
The pontiff and the French envoy,
who sandwiched in an audience at the
Vatican between momentous peace con-BY CAR NEAR LINDALE.

LINDALE, Ga., Jan. 7.—J. W.
Stansell, 40, an Atlantan who has been visiting his mother, Mrs. Mary Stansell here for two weeks, was a victim of a hit-and-run automobile driver late Monday afternoon on the Old Lindale road. Stansell is a patient at the McCall hospital, Rome, where he is suffering with a fractured skull and broken leg. He is not expected to live.

Officers working on the case expect an arrest soon. The owner of the car has been obtained and the driver is said to have been intoxi-

cussed this and other points with Eugenio Cardinal Pacelli, secreteary of state for the Vatican, at a formal call this evening.

# Sec. Woodin's Son

Sued for Divorce TUCSON, Ariz., Jan. 7.—(P)—William H. Woodin, son of the late former secretary of the treasury of the same name, was sued for divorce today by Mrs. Carolyne Hyde Woodin, who charged mental cruelty.

Mrs. Wooden asked the court to grant \$3,000 a month alimony, custody of their only child, William H. Woodin III, and her share of the community property.

nity property.

They were married December 20, 1922, at Plainfield. N. J. Woodin has a home on the desert east of here.

#### MORE TIME GRANTED LIBBY FOR WILL REPLY

WINSTON-SALEM, N. C., Jan. 7.

(P)—Attorneys for Libby Holman Reynolds today obtained an extension of 20 days in time for the filing of responses in the tangled litigation over the huge tobacco fortune of the actress' late husband, Smith Reynolds.

The extension was granted by William E. Church, clerk of Forsyth county superior court, specifically to allow more time for submitting rejoinders to the contention of Reynolds' first wife, Anne Cannon Reynolds' first wife, Anne Cannon Reynolds' Smith, that her Reno divorce from the tobacco heir was invalid, and that consequently his subsequent marriage to the Broadway favorite was void.

On that ground Mrs. Smith claimed the entire fortune, estimated at \$25,000,000 or more, for her daughter, Anne Cannon Reylonds II.

#### COURT WILL REVIEW **PAVING CASE DECISION**

WASHINGTON, Jan. 7.—(P)—The supreme court agreed today to review the decision of the Georgia supreme court that the city of Decatur could compel the Georgia Railway & Electric Co., the Georgia Railway & Power Co., and the Georgia Power Company to pay \$13,444 with interest for certain street paying.

certain street paving.

In 1925 the city made street improvements, including paving. By law the city assessed against the Georgia Railway & Power Co. the cost of pav-

# FOLLOW YOUR NOSE ABOUT CIGARETTES

Light 2 cigarettes . . . an Old Gold and another (let's call it Brand "X").

Take three puffs of each cigarette ... to get them burning freely.

Fred M. Campbell.

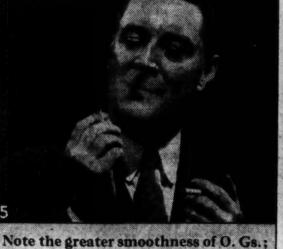

Fred M. Campbell, of 1143 Marietts street, died Monday at an Atlanta hospital. He was 69. His wife is his only near survivor. Arrangements for the funeral are to be announced by Blanchard Brothers.

Take three more puffs and exhale through the nostrils.

Note the effect of Brand "X" on the delicate nose tissue.

the absence of "scratch" and rasp.

## Prove this for yourself!

The nose is the "proving ground" of throat-ease in a cigarette. That's a well-known tobacco

fact. Make the above test with an Old Gold and another cigarette.

Quickly, the sensitive nose tissue will tell you that Old Gold is a smoother smoke . . . with no rasp or scratch.

Finer tobacco! That's why Old Gold is easier on the throat and better tasting, too. Prove it

AMERICA'S smoothest CIGARETTE
